DRAWING IS OVER

SEVERAL NODAWAY COUNTY CITIZENS DREW NUMBERS THURSDAY

W. G. EDWARDS GETS 5512

W. A. Tindall Got 6,426—Felix Grundy is Within Striking Distance of a Good Claim.

The land drawing in South Dakota closed Thursday, when Mrs. Y. E. Nelson of Armour, S. D., drew No. 8,000. There are 3,000 farms of more or less value and 8,000 numbers were drawn. As usual in these drawings many were drawing for the capital prize, and will not avail themselves of the opportunity to file on their claims, live on the land fourteen months and then pay for it.

The long distance winner was Clarence G. Pringle of Honolulu, Hawaii. Several Nodaway county citizens were among the winners Thursday. These were Edward Sweeney of Ravenwood with No. 5,198, W. G. Edwards of Maryville No. 5,512, John Goodwine of Ravenwood No. 5,676, W. A. Tindall of Maryville No. 6,426.

Felix Grundy of Maryville drew No. 1,526, and allowing for the usual number who do not file, he should have one of the best chances to get a good claim. Others in this section who were fortunate in Thursday's drawing were James T. Gelvin of Tarkio, A. S. Gray of Rosendale and Mann Petty of Stanberry. So far as learned R. H. Ward of Burlington Junction seems to have been the most lucky Nodaway county man, having got in with No. 621.

DR. LUCE GOES EAST.

Will Leave Maryville About Nov. 10 for Wooster, O.

Dr. Charles P. Luce, pastor of the First Presbyterian church of this city, will sever his pastoral relations with that church the first of November, according to the terms he made in his resignation the first of June, and will leave our city November 10th for Wooster, O., to begin his work with the Presbyterian board of sustentation. His territory will include the large cities of Ohio and Indiana. His work is one of the most important branches of the national organization of Presbyterian churches, and his appointment is due recognition of his ability and speaks well for his standing in the denomination he represents.

Dr. Luce has been pastor of the Maryville church for three years. His pastorate has been successful and he and his family will leave their work here with the kindest wishes from the entire church and a large circle of friends throughout the city and county, regardless of church affiliation. He is a strong minister, and his new work will call forth in still greater degree his cultured skill as a logician and his power as a public speaker.

Dr. Luce's family will follow him to their new home in a few days after he arrives in Wooster. Mrs. Luce will be as much missed as her husband. Her work in the church and in the various women's clubs of our city, especially the Twentieth Century club and the Mothers' Circle has been of the highest order, and we believe she has been made aware of the appreciation in which she is held.

Miss Cornelia Luce, the eldest daughter, who had charge of the domestic science work in a settlement school in Baltimore, and until recently held a similar position in the Presbyterian Girls' college at Santa Fe, N. M., will go to Wooster with her parents to enter the domestic science department of the university at Wooster.

Dr. Luce will preach his last sermons in this city as pastor of the Presbyterian church Sunday morning and evening. A fine musical program will be given in the evening preceding the sermon.

State Board Offers Prize.

The state poultry board offers a handsome silver cup to members of the State Poultry association exhibiting the best male and female, variety considered and highest score not specially to count, at Maryville poultry show. Send 50 cents to T. E. Quisenberry, Mountain Grove, Mo., and become a member of the state association, have the name and variety of fowls you breed printed in state catalogue and become eligible to compete for this grand prize.

Mrs. H. A. Byers went to St. Joseph Friday morning to visit her daughter, Mrs. M. L. Conley.

WHAT BRYAN SAYS.

An Unbroken Chain Connecting President With Two Decisions of Supreme Court.

W. J. Bryan, in today's Commoner, says:

We now have an unbroken chain connecting the president with the decision of the supreme court in the Standard Oil and tobacco cases.

First link—The anti-trust law was passed in 1890, declaring every combination in restraint of trade unlawful.

Second link—The decision of the supreme court thirteen years ago (in which Justice Harlan joined) refusing to amend the law by limiting it to unreasonable restraint.

Third link—The dissenting opinion in that case, written by Justice White, favoring the construction asked by the trusts.

Fourth link—Thirteen years of unsuccessful effort on the part of the trusts to secure legislation amending the law so as to permit reasonable restraint of trade.

Fifth link—Speech by Secretary Taft announcing his candidacy, in which he suggested that the anti-trust law should be amended by the insertion of the word unreasonable, as desired by the trusts.

Sixth link—The Republican platform of 1908, favoring an amendment of the anti-trust law, but not specifying the character of the amendment.

Seventh link—The selection of Governor Hughes to interpret the platform—information furnished by Mr. Perkins—until recently a partner of J. Pierpont Morgan.

Eighth link—Speech delivered by Governor Hughes at Youngstown, O., interpreting the platform to mean that the word unreasonable would be inserted, as the trusts desired.

Ninth link—All the trusts supported Mr. Taft for the presidency—every one of them.

Tenth link—President Taft appoints Governor Hughes to the supreme bench (on recommendations that he has not yet made public).

Eleventh link—President Taft elevates Justice White (who wrote the dissenting opinion) to the position of chief justice over Justice Harlan, who displeased the trusts.

Twelfth link—President Taft appoints other justices.

Thirteenth link—The supreme court, at the request of the trusts, renders a decision amending the anti-trust law so as to limit it to unreasonable restraint, leaving the courts to decide in each case what is to be regarded as unreasonable. All of President Taft's appointees join in the opinion.

Fourteenth link—Mr. Perkins says that the supreme court's decision carried out the promise of the Republican platform.

Fifteenth link—Mr. Taft says that the anti-trust law, as interpreted by the supreme court, should not now be amended.

Here is the chain and every link is strong. Can you break it, Mr. President? Why do you not make public the recommendations upon which you appointed the justices who have carried out the promise made to the trusts in the Republican platform—the promise foreshadowed by your speech and interpreted by Governor Hughes? Have you appointed a supreme justice without the indorsement of the trust magnates?

Give the country a little light. Make public the recommendations—written and verbal—on which you made your appointments to the supreme bench—the people have a right to know.

JOHN M'FADDEN DEAD.

Former Maryville Resident Passed Away at Home of Son in Utah.

John McFadden, who was for many years a resident of Maryville, died Wednesday at the home of his son, Edward McFadden, in Helper, Utah. The body will be brought to Maryville Saturday night for burial by the body of his wife, who died two years ago. Mr. McFadden had been making his home with his children, Arch McFadden of Kansas City and Edward McFadden in Utah, since the death of his wife.

Will Meet Husband.

Mrs. R. G. Koch left Friday morning for Marysville, Kan., for an over-Sunday visit with Mr. Koch, who will be there that day on his trip as a traveling salesman. They will be guests of P. J. Schumacher.

Mrs. S. C. German of Bethany, who has been attending the W. R. C. convention, returned to her home Friday morning.

Mrs. Ora Morehouse of Hopkins is visiting her mother, Mrs. S. W. Lowrey.

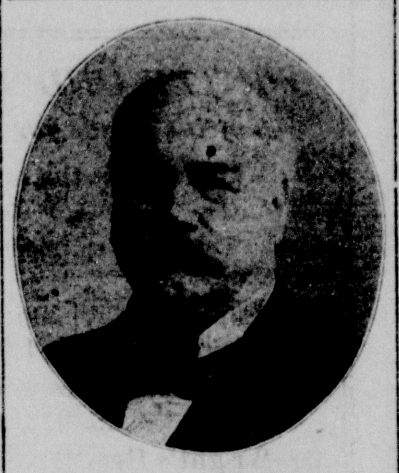
WILL BE A BIG MEET

CORN AND DOMESTIC SCIENCE CONTESTS NEXT WEEK.

TEACHERS' MEETING ALSO

Among Prominent Speakers Will Be Ex-Gov. A. M. Dockery and Hon. S. M. Jordan.

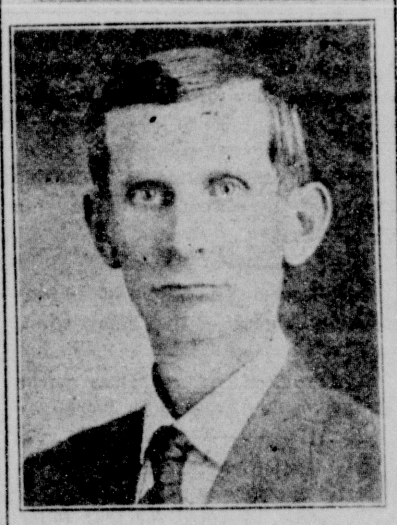
Prof. W. M. Oakerson has sent out circulars announcing the speakers for the corn and domestic science meet, which begins in this city November 2.



EX.GOV. A. M. DOCKERY, Who Will Speak in Maryville, Saturday, Nov. 4.

It is announced that over 300 girls will have domestic science exhibits, and over 200 boys will have exhibits of corn. Seventy cash prizes will be awarded Saturday afternoon.

Among the speakers will be ex-Governor A. M. Dockery of Gallatin and Hon. S. M. Jordan, the corn man, on Saturday. During the previous sessions there will be a number of speakers, among whom will be Dr. W. W. Charters, Miss Grace M. Vial, Miss



HON. S. M. JORDAN, Missouri's Corn Expert, Who Will Speak at the Corn Contest.

Ilena Bailey, Dr. H. K. Taylor, and a number of others, including county teachers and school patrons.

The meeting promises to be a very successful one and a record breaking attendance is expected.

PUBLIC LAND GOING FAST.

Missouri Has Only 1,340 Acres Open to Entry.

Though official records show that less than two years ago there was nearly twenty thousand acres of government land in Missouri, the books of the United States land office at Springfield, Mo., show that only 1,340 acres now remain for settlement. A report completed today shows that only four counties of the state now have more than one hundred acres of government land. These are Barry, 116; Miller, 160; Pulaski, 178, and Shannon, 128. Only twenty-one out of the 114 counties of the state have any land open to homestead or cash entry from the government. The land office report shows the acreage of government land in the various counties as follows:

Barry, 116; Benton, 45.57; Bollinger, 40; Camden, 40; Dent, 40; Franklin, 67.70; Hickory, 90; McDonald, 42.92; Miller, 160; Oregon, 40; Ozark, 8..; Perry, 40; Phelps, 40; Pulaski, 178.45; Reynolds, 40; Shannon, 128; Ste. Genevieve, 40; Texas, 40; Wayne, 40; Wright, 40. Total, 1,340.21.

Death of Old Hopkins Resident.

William Cook of Hopkins, better known as Uncle Billy Cook, died at his home in that town at 10:30 o'clock Friday morning. He had been a resident of Hopkins for many years.

News of Society and Womens' Clubs

For Prospective Bride and Groom.

Mrs. Ralph W. Eversole will entertain at bridge Saturday evening in honor of Miss Mabel Allen and Mr. M. L. Beattie.

Entertain S. S. Classes.

Miss Hazel Petty and Mr. Fred Kurtz will entertain the young ladies and young gentlemen of their Sunday school classes of the First Presbyterian church at the home of Mr. Kurtz this, Friday, evening.

Will Welcome Their Friends.

The Woman's Missionary society of the M. E. church, South, have issued invitations to their friends for Tuesday afternoon, October 31, at the home of President and Mrs. H. K. Taylor. A silver offering will be accepted.

Were Guests of Mrs. Ogden.

Mrs. Eugene Ogden entertained a company of her friends at dinner and during the afternoon Thursday. As the day was cold and disagreeable and brought the first snow of the year, three of those invited, Mrs. A. M. Culberson, Mrs. Warren Trueblood and Mrs. J. J. Armstrong, were unable to accept the invitation. The afternoon was delightfully spent in sewing and visiting. Those present were Mrs. J. L. Jones, Mrs. Louisa Jones, Mrs. Gnett Olney, Mrs. D. C. White and Mrs. Clark Andrews.

Subpoenaed to the House of God.

The leader for the Christian Endeavor society meeting at the First Presbyterian church the coming Sunday evening, Mr. M. A. Lewis, has served signed and sealed subpoenaes upon the members and their friends to appear at the Christian Endeavor meeting Sunday evening, October 29, at 6:30 o'clock, with the injunction, "Bring two or more friends with you." The subpoenaes are in regular legal form. Enclosed with it is an invitation to attend Sunday school in the morning of the same day at 9:45.

Sixty Guests at Dominoes.

Mrs. J. E. Bailey, Mrs. George P. Wright and Mrs. Frank L. Garrett gave the last of their series of parties Thursday afternoon, when sixty guests were entertained at dominoes. The prize, a china jewel case, hand painted in delicate blue and gold, was won by Mrs. L. E. Carpenter. All the decorations were the same as on previous days, and the colors of yellow and white in the serving. Assisting the hostesses were little Miss Mary Condon, who met the guests at the door, Mrs. G. B. Holmes, Mrs. W. E. Goforth, Miss Della Grems and Miss Golda Airy, assisting in the parlors and in serving. Miss Mabel Todd received in the library upstairs, where Mrs. J. S. Shinabargar presided at the punch bowl, assisted by Miss Ruth Matter and Miss LaVera Condon. The out-of-town guests for the three days were Mrs. J. C. Scott of Junction City, Kan., who is visiting her daughter, Mrs. Robert Crail; Mrs. Emmett Beal of Oelrich, S. D., who is visiting her mother, Mrs. Anna Snyder; Mrs. Roy D. Brunson of Des Moines, Ia., the guest of her parents, Mr. and Mrs. I. W. Nixon, and Mrs. Robert Heath of Mason City, Ia., who left for her home Friday morning, after a few days' visit with her parents, Mr. and Mrs. John L. Ritze.

District W. R. C. Convention.

The seventeenth annual convention of district No. 1, department of Missouri, W. R. C., held a very successful and pleasant session, beginning Thursday, October 26, at 2 p. m. and closing Friday at noon.

The delegates present from Custer Corps, No. 4, St. Joseph, were Mrs. Hattie M. Beech, Mrs. Frances Arnold, Mrs. Margaret E. Warburton, Mrs. Christina Sleppy, Mrs. Lizzie Hahn, Mrs. M. C. Davis, Mrs. Laura Spangler.

From T. D. Neal corps, No. 31, Bethany—Mrs. Mary J. Dodd, Mrs. Sarah C. German.

From Reynolds corps, No. 159, Graham—Mrs. Louise Noblett, Mrs. Mary M. Harman.

The following officers were elected to serve the coming year:

Conductor—Mrs. Viola Croy of Maryville.

Guard—Mrs. Dora Clayton of Maryville.

Secretary—Mrs. Hattie M. Beech of St. Joseph.

Assistant conductor—Mrs. Lennie Braniger, Maryville.

Assistant guard—Mrs. Amanda Sipes, Sedgwick corps, Maryville.

Color bearer No. 1—Mrs. Lizzie Hahn of St. Joseph.

Color bearer No. 2—Mrs. M. A. Davis of St. Joseph.

Color bearer No. 3—Mrs. Christina Sleppy of St. Joseph.

Color bearer No. 4—Mrs. Laura Spangler of St. Joseph.

A pleasing reception was given in the evening to the M. W. A. and their wives and the Royal Neighbors by the W. R. C. and G. A. R. A very entertaining program was given and a very pleasant evening enjoyed by all present. The program consisted of a song by Leeta and Leska Wray; piano solos by Mrs. E. F. Wolfert and Miss Carrie Margaret Baker, Miss Birde Shelton and Miss Lottie Perrin; by request Mrs. F. P. Robinson sang "The Star Spangled Banner," and excellent speeches were made by Mrs. Lena Ruddell, president of the Maryville Relief Corps, and Rev. W. J. Parvin, Mayor Arthur S. Robey and Noah Sipes.

Followed Them to Barnard.

Mr. Roland Rees and his bride of Burlington Junction, who were pursued by five automobile parties of their friends at that place when they left Wednesday evening in Mr. Rees' car for St. Joseph on their honeymoon trip to Muskogee, Okla., were escorted as far as Barnard by the chasers, when they were left to go the rest of the journey in peace.

St. Patrick's Bazaar a Success.

The bazaar given by the ladies of St. Patrick's parish was a decided success and the ladies feel well repaid for their hard work. The town lot that was raffled off went to Mr. Lee Upschult, proprietor of the Banner Soda Bottling works. The lot is located at Vine and Cooper streets, and is recorded as lot A, of block 7, in Southern Extension to the city of Maryville. In the fancy work booth the articles raffled were drawn as follows: The centerpiece given by Miss Katharine Vaughn of Colorado Springs, Col., went to Miss Margaret O'Grady. Mrs. G. W. Knobbs, living east of the city, drew the centerpiece made by Mrs. P. L. Murrin. T. L. Wilderman drew the piece made by Miss Jennie Vardie. Mrs. Mike Liston drew the comforter, Miss Helen Dougan the quilt, Miss Mayme Linneman the sofa pillow made by Mrs. John L. Gallegher, and John Kane drew the lamp.

Sued for Loss of Hogs.

Suit was filed in the circuit court Friday by Louis Hammond against A. C. Ford, both of this county, for damages. The plaintiff, through his attorney, Ellis G. Cook, alleges that during the early part of last summer the defendant was the owner of a lot of hogs which contracted cholera and quite a lot of them died from this disease. He alleges that the defendant failed to dispose of the bodies of the hogs promptly, and that some near a stream were washed into an adjoining field owned by the plaintiff, and that these dead hogs caused his hogs to become infected with the disease, and that as a result a number of plaintiff's hogs died, for which he prays damages in the sum of $500, together with the costs of the suit.

Taken to Hospital.

John W. Haegan of this city, who has been quite ill, was taken to St. Francis hospital Thursday night for treatment.

Mrs. M. J. Dougan and little son and daughter of Skidmore came to Maryville Thursday to attend St. Patrick's bazaar and to visit her parents, Mr. and Mrs. J. J. Mahoney.

Misses Litta and Golda Roelofson went to St. Joseph Friday morning to spend the day.

HOPES TO FIND OIL

R. W. WALLACE CONFIDENT THAT DRILLING WILL BE SUCCESSFUL.

WILL START IN TWO WEEKS

It is Stated That $50,000 Will Be Spent in Prospecting in Nodaway County.

About 25,000 acres of land in Nodaway county are under oil and gas leases, having been secured by R. W. Wallace of St. Louis, who has the work in charge. This part of the work is now finished.

Drilling operations for oil and gas will be begun within the next two weeks or so. Mr. Wallace said Friday that the tools would be here in two weeks, and that soon after work would commence. The tools come from the oil fields in Illinois. It is not known where the first well will be sunk. A number of wells are to be sunk all over the county, so as to be able to find oil if it is here.

Mr. Wallace is still confident that oil can be found here. He has been here for the past two months securing the leases and will also be here to have charge of the drilling operations, which will be commenced before winter sets in. It is said $50,000 is to be spent in Nodaway county to find oil, the money being furnished by St Louis and eastern capitalists.

Mr. Wallace is to leave in a few days for a week's visit in the oil fields at Tulsa, Okla. He will be back, however, when the tools arrive from Illinois.

If the Kansas City Athletic club wants a first class attraction it should stage a ten-round bout between Frank Walsh and Virge Conkling.

The president of the woolen trust testified before a congressional committee that he had a large number of automobiles, but he couldn't say how many. Yet he was sure that any reduction in the tariff on wool would be ruinous to his industry.

The recent contests between the American and National league clubs for the local base ball championship of the various cities resulted in victories for the American clubs in every instance except in the contest between Cleveland and Cincinnati, and the world's championship also goes to the Philadelphia American league club. This would seem to indicate that the newcomers are putting up a better article of ball than their parents.

The government has brought suit to dissolve the steel trust. The petition abounds in sensational allegations, among which is that President Roosevelt was misled and misrepresentations were made to him, and that if he had "been fully advised" he would have known that "a desire to stop the panic was not the sole moving cause." Yet Teddy stated to the congressional investigating committee a few weeks ago that he had done the proper thing and that he would do it again. Where does that leave Teddy?

BOYS, LOOK OUT!

Section 4735 of the Revised Statutes of Missouri contains the following:

"Every person over the age of 10 years and under the age of 18 years, who shall smoke or use cigarettes on any public road, street, alley, park or other lands used for public purposes, or in any public place of business or amusement, or upon any railroad train or street car, shall, upon conviction, be adjudged guilty of a misdemeanor, and punished by a fine of not more than $10."

A small boy looks so big with a cigarette between his teeth that the law makers assumed that it would be worth at least $10 to him. As a matter of fact a boy under 18 caught smoking a cigarette ought to have a hickory sprout worn out over his anatomy, and anybody over 18 should be promptly sent to an insane asylum. No further examination should be required.

FOUR FLEA POWER OF WATCH

Delicate Little Instrument Whose Balance Wheel Is Driven More Than 3,500 Miles a Year.

Few pieces of machinery show more wonderful features than that of the watch. As a general proposition it may be stated that a watch is the smallest, most delicate instrument of the same number of parts that has ever been devised.

About 175 different pieces of material enter into its construction and upward of 2,000 separate operations are comprised in its manufacture. Certain of the facts connected with its performance are almost incredible when considered as a whole.

A blacksmith strikes several hundred blows on his anvil in a day and as a matter of course is glad when Sunday comes, but the roller jewel of a watch makes every day—and day after day—432,000 impacts against the fork, or 157,680,000 blows during the course of a year without stop or rest—or some 3,153,600,000 blows during the space of twenty years, the period for which a watch is usually guaranteed to keep good time.

But the wonder of it does not cease here says the Michigan Manufacturer. It has been calculated that the power that moves the watch is equivalent to only four times the force used in a flea's jump. The watch power is therefore what might be termed the equivalent of a four flea-power. One horse-power would suffice to operate 270,000,000 watches.

Furthermore the balance wheel of a watch is moved by this four flea-power 1.43 inches with each vibration, or 3,558⅛ miles continuously in one year. Not much oil is required to lubricate the little machine on its 3,500 mile run. It takes only one-tenth of a drop of oil to oil the entire machinery for a year's service.

PAY FOR THE FRENCH NAMES

Fastidious Restaurant Patrons Could Get Same Dishes in "American" for Much Less.

Frank P. Ward, writing for Harper's Weekly, declares that the men who cater to the hunger and thirst of the wealthy in New York make a profit of anything up to 300 per cent. For this condition he blames one class of restaurant patrons whom he describes as "persons who turn up their noses at eggs with grated cheese, 25 cents, but go into ecstasies over oeufs a la reine, $1—exactly the same dish." To descend a little in the scale, says Mr. Ward, "beef and" establishments are highly profitable; a fact which, as he points out, goes to show that if these can coin money at five and ten cents a "throw," the others can do better.

There is undeniably a deal of sound sense in Mr. Ward's arraignment of ultra-fastidious person who ecstatically pays 25 cents for food and 75 cents additional for a French name to go with it. The person of that temperament is evidently convinced that grub by a more genteel name would taste as sweet, and is determined to eat it by the other name, cost what it may. Why eat "vittles" when, by merely paying a quadruple price, one may have nourriture? Why, indeed! If French names for Yankee dishes serve best to keep in circulation the money of the finical rich, by all means put them up in French.—Manchester Union.

He Eats No Corn.

"I am dearly fond of corn on the cob," said the mathematician, "but I haven't eaten any this season."

"What's the matter? It doesn't cost much."

"Well, that all depends upon how you look at it. Take it in the market, it's cheap enough, twenty-five or thirty cents a dozen ears. But I have to eat in restaurants, and there I would have to pay ten cents an ear or $1.20 a dozen for it. Now, where do you suppose the restaurants get the courage to charge that much for serving hot what costs them only one-fourth that much in the raw state? If the corn were difficult of preparation for the table, if it took much trouble in the cooking or if it required elaborate sauces it would be different. But corn on the cob is the simplest thing a restaurant can serve, and for one, I don't purpose to let them make any 300 per cent. profit out of me on their old corn."

Shakespeare in 1793.

What, we wonder, would happen to the London manager nowadays who should dare to put on the stage such a version of a Shakespearian tragedy as was played in Ireland a hundred years ago? Mrs. Earle in her book, "Memoirs and Memories," gives a Dublin play bill in 1793, which is worth quoting.

The play was "the tragedy of 'Hamlet,' originally written and composed by the celebrated Dan Hayes of Limerick and inserted in Shakespeare's works." The title role is taken by a gentleman "who between the acts will perform several solos on the patent bagpipe, which performs two tunes at the same time."

STEEL MONOPOLY MUST DISSOLVE

Government Files Suit Against Corporation in New Jersey.

CHARGES CONTROL OF OUTPUT

Testimony Given Before Stanley Committee Was Used in Part as Basis of Action—Injunction Is Sought.

Washington, Oct. 27.—A petition asking for the dissolution of the United States Steel Corporation and some of its subsidiaries has just been filed in the United States court in Trenton, N. J. The petition was prepared by Jacob M. Dickinson, ex-Secretary of war, who had been retained by the government as its special counsel in the case.

The petition charges the United States Steel Corporation and those subsidiaries which are named as defendants with maintaining or attempting to maintain a monopoly in the steel business. The evidence on which the suit was brought was obtained by the special investigators of the Department of Justice.

It is understood that some of the testimony which was given before the Stanley committee was used, in part at least, as the basis of this suit. The petition is in equity and was filed in the circuit court.

It contains the usual prayer for injunctions to restrain the defendants from continuing the monopoly alleged, and asks for such relief as the court may grant.

New York, Oct. 27.—Rumors that the government was preparing to bring suit against the United States Steel Corporation have been current in Wall Street for several weeks, but they have been denied by the attorney general and assistants. The rumors caused enormous selling of the corporation's common stock and it fell from 80 to about 52, recovering to 60.

The formal suit filed is likely to cause a renewal of the selling though there has been such extensive selling by the more timid holders that the depressing effect will not be as great now as if the suit had been filed several weeks ago.

Officials of the steel corporation have always contended that they were not violating the anti-trust law, because they controlled less than two-thirds of the steel business.

TO BRING SUFFRAGISTS WEST

Uncanvassed Territory to Be Covered by Tour in Special Car With Speakers.

Louisville, Oct. 27.—A special "suffrage car" amply equipped for long distance travel, bearing a number of capable women suffrage speakers and carrying a never failing supply of suffrage literature, will set out on a tour of the country shortly, according to information given out here. Arrangements for financing the enterprise were made during the recent convention. Mrs. Catherine Waugh McCulloch of Chicago, Miss Kate M. Gordon of New Orleans, J. H. Braley of California, are among the suffrage notables who will see to getting money for the project. It is planned to invade especially states in the South and West and to introduce the propaganda in heretofore uncanvassed territory.

PUBLIC LAND NEARLY ALL GONE

Less Than Two Years Ago Missouri Had 20,000 Acres—1,340 Acres Now Remain.

Springfield, Mo., Oct. 27.—Though official records show that less than two years ago there was nearly 20,000 acres of government land in Missouri the books of the United States land office here show that only 1,340 acres now remain for settlement. A report just completed shows that only four counties of the state now have more than 100 acres of government land These are Barry, 116; Miller, 160; Pulaski, 178, and Shannon, 128. Only 21 out of the 114 counties of the state have any land open to homestead or cash entry from the government.

No Attempt on Czar's Life.

St. Petersburg, Oct. 27.—There is no truth whatsoever in the reports circulated abroad of an attempt on the lives of the emperor and empress. They are declared officially to have been circulated for the purpose of influencing the market.

APPLICANT FOR CITIZENSHIP

To the United States Must Answer Intelligently a Number of Questions.

The applicant for citizenship to the United States must answer intelligently the following questions before he can obtain his final naturalization papers. Perhaps it might not be a bad thing for citizens themselves to occasionally take an examination of a similar sort to refresh their memories and indicate their degree in intelligent citizenship.

Who is the presndent of the United States?

How is he elected?

Is he elected or appointed?

Who elects a president?

What are the presidential electors?

How are they selected?

What is the term of the president of the United States?

Where is the capital of the United States located?

Who is commander-in-chief of the army and navy of the United States?

Who makes the laws of the United States?

How many branches in congress are there?

Name them.

How are senators elected?

What is their term of service?

How are representatives elected?

What is their term of service?

Who is the chief justice of the supreme court of the United States?

How many members compose the supreme court of the United States?

Where does the supreme court of the United States sit?

Who is the governor of Missouri?

Who selects the governor of the state?

What is his term of service?

Who makes the laws of the state of Missouri?

How many branches are there in the legislature?

Name them.

What is the term of service for state senators?

What is the term of service for state representatives?

What is the capital of Missouri?

How many legal holidays in Missouri?

Name them.

To whom does the law prohibit a saloon keeper from selling intoxicating liquor?

How does the law require a saloon to be arranged during the time law prohibits the selling of intoxicating liquors?

Who grants a liquor license?

Why does that law require a bond of saloon keepers?

The federal government is becoming more strict every year in the matter of admitting foreigners to citizenship. A foreigner must show that he really understands the workings of the government in the United States. It is likely that there are many American born citizens who could not answer these questions.

George P. Bellows returned Friday morning from a several weeks' trip crying fine cattle sales in the north.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy and other serious troubles. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Maryville proof:

G. W. Hempstead, East First street, Maryville, Mo., says: "When suffering from an extreme sensitiveness in the small of my back, I was advised by a friend to give Doan's Kidney Pills a trial. I procured a box at Charles A. Love's drug store and they lived up to representations. I have never had any trouble from my back or kidneys since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ANDREWS & HEMPSTEAD

COURT ENDS HYDE TRIAL DELAYS

Holds Night Session for Purpose of Hurrying Case.

DENIES MOTION TO DISMISS CASE

Had All Judges of Circuit and Criminal Courts Subpoenaed so as to Finish Hearing of Motion at Once.

Kansas City, Oct. 27.—Judge Porterfield has now accomplished two things which will help a great deal in the Hyde trial from now on. He served notice on the attorneys in the case that he would expect them to hurry the case as fast as it was possible so to do, and he served this notice in a way likely to be remembered, for he ordered a night session to be held for the argument of the motion to discharge the entire jury wheel. Then at the night session after extended arguments pro and con he decided that the jury wheel was legal and thereby disposed of that troublesome case for the balance of this trial at least.

Immediately previous to the judge's order the defense had finished a two hours' examination of Judge James E. Goodrich, chairman of the jury commission. Turning to the clerk Judge Porterfield said:

"Mr. Clerk subpoena all the judges of the circuit and criminal courts who had anything to do with this jury wheel and make the summons returnable at 8 o'clock this envening. Send deputies at once after Judge Latshaw, Judge Guthrie, Judge Seehorn and the rest, who live in Kansas City. Get service on Judge Slover, who lives in Independence and tell him to hurry down. We will finish the hearing of the motion to quash the venire at once," and to the attorneys:

"You will return here at 8 o'clock and the arguments will be made after that hour."

When it was understood that his honor would not retract his ruling it was therewith known that there would be no more time-killing at the county's expense, in the Hyde case, if Judge Porterfield could help it.

At 8:15 attorneys for the prosecution and defense returned to court and spent two hours in presenting their arguments. Judge E. E. Porterfield overruled the motion. The argument of the defense was based on an attack of the present system of jury drawing which they declare unconstitutional.

The court will allow the attorneys privilege of recalling any of the veniremen selected for the purpose of challenge, if they so desire.

Frank P. Walsh of the defense said he had no more challenges for the veniremen and that he would not ask for any recalls.

NEGRO ROBBERS BOUND GIRL

Discovered in House by Young Lady —She is Gagged and Left in Cellar.

St. Louis, Oct. 27.—Upon the return home at midnight of Mr. and Mrs. Henry Waldermeyer, they heard groans in the basement and, investigating, found their daughter, Martha Waldermeyer, 28 years old, bound and gagged and her head covered with bruises and gashes, inflicted by two negro robbers.

When restored to consciousness the young woman told of being attacked by the negroes in her bedroom when she discovered their presence in the house and screamed. She grappled with one of the negroes and was struck down by his companion's revolver. She remembers nothing after that. Henry Waldermeyer, the father, is a wealthy proprietor of a moving and storage company.

The negroes fled after carrying Miss Waldermeyer into the basement, leaving valuables that they placed in a bundle.

Ask Pardon for Counterfeiter.

Springfield, Mo., Oct. 27—An appeal asking the pardon of August Roehr, now serving a year's sentence in jail here for counterfeiting nickels at Fanchon, was sent to President Taft. A recommendation for executive clemency by Judge A. S. VanValkenburgh of Kansas City, who passed sentence on Roehr, accompanied the appeal. The prisoner's family is destitute.

Postal Bank for Atchison.

Atchison, Kan., Oct. 27.—Atchison is to have a postoffice savings bank. It will be installed in the local postoffice Saturday. J. W. Carr, postal inspector, has been in Atchison for two days instructing Scott Jones, who will be the cashier of the new bank. Deposits will be received through the registry window.

Bard of Avon Unclean.

Chicago, Oct. 27.—Shakespeare has been rejected as "licentious, unclean and objectionable" by the youthful literary lights of the Hammond, Ind., high school, and they are receiving the support of their teachers to have the author of "Venus and Adonis" banished from the curriculum.

NEW LEAD IN KNABE CASE

MAN SEEN LEAVING HOUSE ABOUT TIME OF CRIME.

Barkeepers's Story Corroborates That of Janitor, Who Said He Heard Screams.

Indianapolis, Oct. 27.—That a man holding a handkerchief to his face, as if to hide his features, was seen to emerge from an alley in the rear of the apartment house in which Dr. Helene Knabe lived alone, at about the hour at which the physician met her death by a knife blow, was the newest lead that developed in the police investigation.

This information was supplied by J. C. Carr, a barkeeper, who said that as he was going home and turned into the street at the side of Dr. Knabe's apartment he heard two faint screams and as he was approaching the ally at the rear of the building a man with a handkerchief at his face came out, passed him and hurriedly disappeared.

The man, Carr said, was about 40 years old, as well as he could judge and was well dressed. Detectives pointed out that if he was the murderer of Dr. Knabe he must have made exit from her flat into the front corridor of the building, then into a passage way at its side and thence through to the alley in the rear. Investigation has satisfied them that no one had crawled through a window of the flat.

In addition to following this line of inquiry, the police again questioned Miss Augusta Knabe and also sought among the physician's acquaintances for possible light on the suicide theory or some motive, not yet apparent, for murder.

Detectives attempted to verify the story of Carr, who was taken to the building and re-enacted his part in the incident.

Carr's story corroborates the statement of the negro janitor of the building, who said he was awakened in the night by screams. He went to sleep again without an investigation.

MORE INJUNCTIONS AT WICHITA

Attorney General Dawson Secured Names of Those Who Had Government Licenses.

Wichita, Kan., Oct. 27.—John Dawson, attorney general of Kansas, obtained district court injunctions against nine more men who are alleged to sell liquor and the owners of buildings where they operate. The injunctions are against Archie McVicar, druggist, 500 East Douglas; B. Heimerman, First Street and Waco Avenue; W. A Clayton, 116 West Douglass; J M Davis, Stock Yards hotel; O. Bailey and Fred Zimmer, Water Street and Douglass Avenue; J. F. Bather, Water Street and Douglass Avenue; John Linder, Twenty-third Street and Lawrence Avenue and 2327 North Lawrence Avenue, and L. Bennett, 1621 East Douglass. Each has a government license, and that is the means by which Dawson got their names.

GO BY WATER IN PULLMAN CAR

Party Leaves St. Louis for New Orleans, Going Down Mississippi River in Car on Boat.

St. Louis, Oct. 27.—A party of officials of the St. Louis & San Francisco railroad have left here for New Orleans in two Pullman cars and a diner, but from the time the train left until it arrives at New Orleans not a wheel of it will turn nor will its drawbars feel the pull of a locomotive. The train will be carried to New Orleans on the big transfer steamer B. F. Yoakum. The steamer will be put into service at Baton Rouge to ferry St. Louis & San Francisco trains across the river at that point. It has accomodations only for the crew, so the passengers will sleep in the Pullman and eat in the dining car.

Help an Interurban Line.

Pleasanton, Kan., Oct. 27.—Eight miles of free right of way and $250 in cash were subscribed for the proposed electric line between Kansas City and Fort Scott by the Town and County club here. The farmers and merchants of Linn county are enthusiastic over the new interurban road, which will pass through here. Arrangements for a preliminary survey are being made by the citizens.

Only Two Hold Out.

Jefferson City, Mo., Oct. 27.—All but two of the owners of property in the tract to be acquired by the state have reduced their prices. The two men standing out have property with options of $40,000. The commission hopes to reach an understanding with these owners when it meets again. At that time an attempt will be made to elect a secretary and plans will be laid for an architectural contest.

Santa Fe Increases Capital.

Topeka, Kan., Oct. 27.—A $1,000,000 increase in the capital stock and a $1,000,000 bond issue were authorized by the stockholders and directors of the A. T. & S. F. railroad in their annual meeting here. This brings the capital of the Santa Fe to $481,486,000. A big part of the convertible bond issue will be used for improvements

FOR NATIONAL PRIMARY LAW

Leading Members of Both Parties Working Together.

BEFORE CONGRESS IN DECEMBER

Act to Be Framed With Control of Government by People at All Times in Mind—Movement Nation Wide.

Washington, Oct. 27.—Leading progressive members of both the Democratic and Republican parties are working together on a plan for a national presidential primary law, which they hope to have ready for presentation in congress at the coming session and which, they are quite certain, will be acceptable to every section of the country. Even the Southern statesmen, who are sticklers for states' rights, it is asserted, will find no difficulty in voting for the passage of the measure.

Senator Robert L. Owen of Oklahoma, chairman of the Federation of Democratic precinct clubs, and Senator Jonathan Bourne, jr., president of the National Progressive Republican league are still engaged in the work of drafting the proposed law.

Further than to admit that such a proposition is being worked upon, the officials of the progressive organizations of the two parties refused to give out any details of the proposed law. George H. Shibly, secretary of the Federation of Democratic precinct clubs, said the matter was still in the formulative stage, and that probably no announcement would be made until after the session of Congress begins in December.

The law, if it becomes such, Mr. Shibley said, will be in perfect harmony with the idea of home rule. It will not tread on the toes of any states' rights. He said it will be framed with the one predominant thing in mind that the people should control the government at all times. The movement for direct primaries in connection with presidential elections has become nation wide.

Senator Bourne, who is actively pressing this feature of the progressive campaign, recently wrote a letter to each member of the Republican national committee requesting that when the call for the party national convention is issued it should contain a strong recommendation to state committees that they call presidential primaries for the selection of delegates. Democrats are advocating that their committees should do likewise.

WHITE CAP JURY FAILS TO AGREE

After Fifty Hours Could Not Decide Between Verdict of Felony or Misdemeanor.

Hutchinson, Kan., Oct. 27.—After being out 50 hours, the jury in the Reno county white cap case reported that they could not agree whether the four wealthy farmers, Joseph Thompson, C. P. Smith, George Young and Albert Hood, are guilty of a felony or a misdemeanor. Five stood for a prison term, while seven were for the lighter penalty.

Charles Walters, a young farmer, told of being enticed from his house at midnight by the four farmers who bound and gagged him and Mrs. Thompson, wife of one of the defendants, beat him with a horsewhip. He was then told to leave the country, to return on peril of his life. The bullwhip and photographs of Walters' scarred and bleeding back, taken at the time of the whipping, were introduced as evidence. The defense alleged that Walters gossiped about Mrs. Thompson.

Preacher as Model Landlord.

St. Louis, Mo., Oct. 27.—Practical Christian landlordism will be tried by the Rev. William Cochran in a large tenement building which he has leased for five years. There are about 100 rooms which will be sublet to poor people who will be given advantages which the average landlord says is impossible. The minister will have an office at the building and will visit the place every day. He will do his own repairing.

Equal Rates for Iowa Packers.

Washington, Oct. 27.—Freight rates on both fresh and cured meats and other packing house products from Cedar Rapids, Ia., to eastern destinations must not be greater, after December 1 next, than those contemporaneously in effect from Missouri river points or from Chicago. An order to this effect has been made by the Interstate Commerce commission.

New Rule in Debate.

Atchison, Kan., Oct. 27.—The commission form of government as provided for by the Kansas statutes is the question selected for the first annual debate between the Leavenworth and Atchison high schools. Atchison drew the negative side of the question. The debate will be held here the second week in December. The debate was inspired by the University of Kansas extension department.

We will again this week give a special prize of a 42 piece dinner set to the person bringing in the largest number of votes by Thursday, Nov. 2. No contestant will be allowed to win but one of these special prizes. You may have your choice of the two sets on display in our east show window. Remember that the color of the coupons will again change on Thursday, Nov. 16th, and must be in by that time to be counted.

YOU CAN HAVE HEALTHY HAIR

Use Wyeth's Sage and Sulphur—A Harmless Remedy That Makes the Hair Grow.

What a pity it is to observe so many people with thin and faded hair and then realize that the most of these people might have a fine, healthy head of hair if they would but use the simple "sage tea" of our grandmothers, combined with other ingredients for restoring and preserving the hair. No one, young or old, need have gray hair, weak, thin or falling hair, dandruff or any trouble of the sort if th y would but use Wyeth's Sage and Sulphur Hair Remedy. On the contrary, it is possible to have healthy, vigorous, hair, of perfect color, by a few applications of this remarkable preparation.

Wyeth's Sage and Sulphur Hair Remedy quickly removes dandruff, leaves the scalp clean and healthy, promotes the growth of the hair and restores the natural color of the hair which has become faded or gray. It is a clean, wholesome dressing, which may be used at any time and with perfect safety. Don't neglect your hair. Start today with Wyeth's Sage and Sulphur.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Visitors From Colorado.

Mrs. F. C. Moore and three children of Lamar, Col., were in Maryville Friday morning, going to Braddyville, Ia., to visit her mother, Mrs. J. A. Wolfe. The travelers had been visiting the family of Mrs. Moore's uncle, Joseph Malone, of near Hopkins.

Mrs. Elmer Arnold and baby daughter of Burlington Junction arrived Thursday for a visit with her sister, Mrs. Orville Gray.

The Collector.

The late Edwin A. Abbey had no sympathy with those American millionaires who pay $400,000 or $500,000 for a doubtful Rembrandt or an imputed Fragonard, while painters of genius in their own towns are starving for lack of orders.

Mr. Abbey, at a dinner at his London residence in Tite street, said last year, apropos of the purchase by a New Yorker of a doubtful Titian at an inflated price:

"This type of man knows nothing about art. A man of this type, when Whistler was not yet famous, wanted his wife's portrait done.

"'How much will you charge me, Mr. Whistler,' he said, 'for a lifesize picture of the madam?'

"'My price,' said Whistler, 'will be $2,500.'

"The millionaire took up his hat and stick.

"'Why,' he snorted, turning to go, 'you expect to be paid for your work as if you had been dead 400 or 500 years!'"

The Jewel Box Alarm.

An ingenious invention, which will undoubtedly prove useful to the possessor of valuable jewels and trinkets, is the jewel box alarm, recently put on the market. In the bottom of the box is fixed the small instrument, which is to be electrically discharged by moving a small lever. The sound is made by means of a bell and clapper, resembling those found in a telephone. In the center of the box hangs a small pendulum. If the box is moved the pendulum swings, the circuit is closed and the alarm goes off. The noise resembles that of an alarm clock, and does not cease until it is shut off again.

How to Tell a Girl's Age.

Girls of a marriageable age do not like to tell how old they are; but you can find out by following the subjoined instructions, the young lady doing the figuring: Tell her to put down the number of the month in which she was born, then to multiply it by 2, then add 5, then to multiply it by 50, then to add her age, then to subtract 365, then to add 115, then to tell you the amount she has left. The two figures to the right will tell you her age, and the remainder the month of her birth. For example, the amount is 822; she is 22 years old and was born in the eighth month (August). Try it.

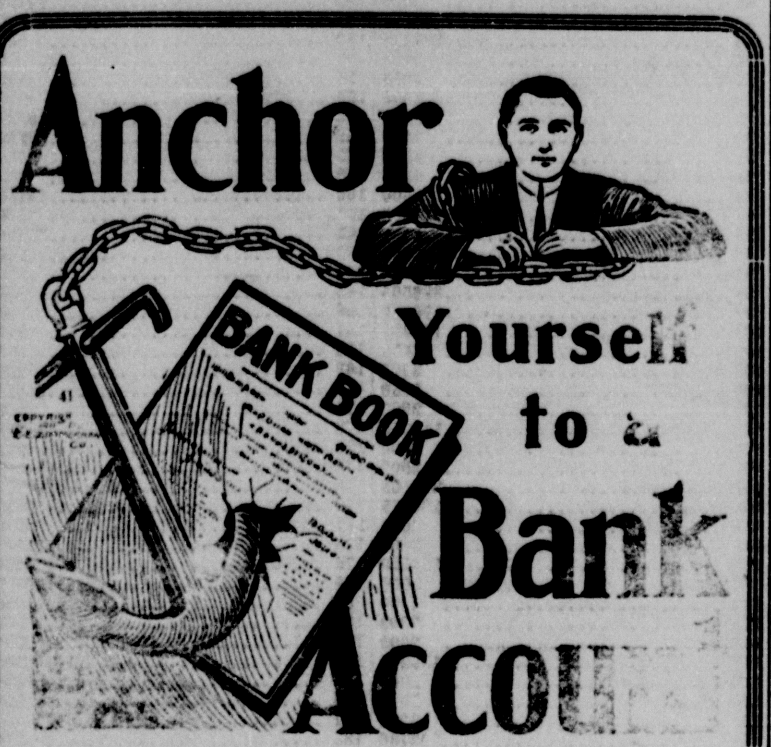
FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Decatur, Ala., and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.



A STEADY purpose in this life is one of the best aids to success. If that purpose be the resolve to save money your success will be *sure* and satisfactory.

A young man should anchor himself to a bank account as the first step to success. As his account grows so will HIS CONFIDENCE IN HIMSELF TO MAKE GOOD.

WEST'S EXHIBIT OF GREAT IDEAS

A CONVENTION OF MEN WITH PLANS AT KANSAS CITY NOV. 14 TO 17.

The Trans-Mississippi Congress, With Colonel Fred Fleming at Its Head, Will Hear the Aldrich Arguments and the Hadley and Stubbs Side, Too.

The Trans-Mississippi Commercial Congress, which meets in Kansas City Nov. 14 to 17, will hear ex-Senator Aldrich argue his currency reform. It is the Monetary Commission's first public declaration to the people of the West, and more than four hundred bankers and financiers from over the nation will gather to hear the author of the plan, which he claims will make the country panic proof, explain the merits of its context. But everyone does not favor the bill, and the opponents will also be present to voice dissenting opinions, and express other ideas of ridding the country of its present financial tightness.

For this is what the Trans-Mississippi Commercial Congress is for—to discuss the things that are wrong and propose remedies. It is, in fact, the

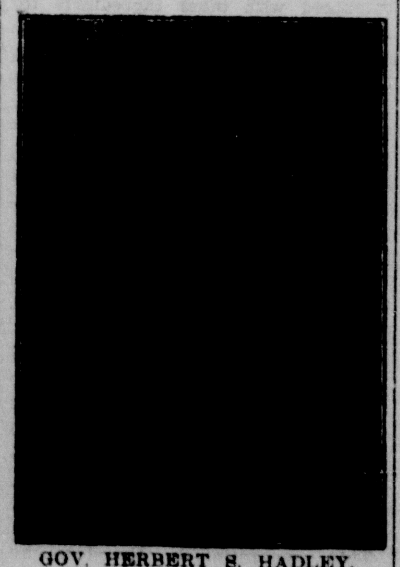
Western clearing house for ideas, and the national legislators pay strict attention to the expressions of this clearing house.

The congress has assumed such importance and magnitude that the foremost statesmen, business men, law makers, farmers and financiers of the country attend it in order to catch the drift of public opinion. At this meeting will be at least six of the twenty governors who rule the territory covered by the congress. Governor Herbert Hadley of Missouri, will open the congress with an address of welcome, and in this address he will sound the keynote of the import of the meeting. Governor John Burke of North Dakota, who is president of the Missouri River Improvement Association, will speak on the Upper Missouri River. Governor C. A. Aldrich of Nebraska, will talk on The Regulation of Inter-State Rates and Their Relation to the Producer and Consumer. Governor O. B. Colquitt of Texas, Governor W. R. Stubbs of Kansas and Governor John F. Shafroth of Colorado, will make addresses.

Nearly two hundred government heads, senators and congressmen will attend the meeting. Darwin P. Kingsley, president of the New York Life Insurance Company, will speak on Life Insurance and Justice, and Fred



GOV. HERBERT S. HADLEY,
Of Missouri, Who Will Deliver the Address of Welcome And Serve as a Member of the Program Committee.

W. Fleming, vice-president of the Kansas City Life Insurance Company, is president of the congress this year and will preside at all meetings.

Champ Clark, speaker of the House of Representatives, who is talked of for president, will address the congress during its four-days' session, and he chooses his own subject. S. M. Sparkman, chairman of the House Committee on Rivers and Harbors, will also attend. Some of the speakers on the improvement of waterways are: Walter S. Dickey of Kansas City, president of the Kansas City-Missouri River Navigation Company; Charles W. K. Kavanaugh of St. Louis, Congressman William P. Borland and Congressman Charles F. Booher.

Senator William E. Borah of Idaho and Alva Adams, former governor of Colorado, will speak on the reclamation of land by drainage and irrigation. David R. Francis of St. Louis, former governor of Missouri, and John L. Powell, president of the Southwestern Shippers' Association, will be among those who will talk on inter-state rates.

From every state west of the Mississippi River, and from Alaska, Hawaii and the Philippine Islands scores of delegates will come, ripe with ideas and suggestions to place before the congress. From each state of the Trans-Mississippi country, will come twenty delegates, created so by their governor's appointment, and from each commercial club, board of trade, chamber of commerce, clearing house association and any other business or industrial organization so desiring, not more than ten delegates will take part in the deliberations of this congress.

It is a "free Forum" of the West, in which all peoples and classes participate. Through its efforts millions of dollars have been appropriated for waterways and irrigation improvements in the West, and scores of laws have been passed by the national congress regulating the commercial conduct of the country.

The Trans-Mississippi Commercial Congress was organized in 1891, though its real birth was in Denver in the eighties, when Governor Alva Adams of Colorado, called into session the deep waterways interests. Other organizations whose object was practical waterways were also existent. The West, though it had grown into a country of wealth and prominence, was unable, because of a lack of political prestige, to obtain appropriations from congress for improving its waterways. The East, skilled in using the power of politics, "got the money." Tiring of such treatment, Kansas struck the first blow for recognition by calling a Western States Convention to be held in Kansas City, April 14 to 17, in 1891.

Men of national prominence answered the call, and for an infant step the move was a success. Later in the year in Manitou, Colo., this organization combined with two others of similar object—the Trans-Mississippi Congress and the Deep Water Convention—and formed the existing Trans-Mississippi Commercial Congress.

Always first with the congress is river improvements. This year it is especially anxious to father a resolu-

tion which will result in congress appropriating twenty million dollars for making the Missouri River navigable between Kansas City and St. Louis. The Kansas City-Missouri River Navigation Company, which is now running boats on the river, and the Missouri River Improvement Association are not going to allow the congress to adjourn without adopting a resolution favoring this appropriation. It is very probable that Governor John Burke of South Dakota, interested in the Upper Missouri as its president, will call a special session of the Missouri Improvement Association to meet here in conjunction with the Trans-Mississippi.

This is the third time that the congress has met in Kansas City. It got its swadling clothes in Kansas City, and again in 1906 when it had assumed powerful proportions, it met here. Convention Hall is designated as the meeting place, though special meetings will be held every morning in downtown theaters. The hall will seat 15,000 persons. As a feature of the entertainment Congressman William P. Borland of Kansas City, has obtained governmental permission to have the Panama pictures exhibited at the congress. Lieutenant George Goethals, son of the head of the Panama work, will show the pictures and talk on the canal. This is the first time the pictures have been shown publicly.

As another feature of entertainment the Kansas City Commercial Club will spread a huge banquet in Convention hall on the night of Nov. 14, in its annual celebration of the John Jay Treaty, particularly appropriate in connection with the Trans-Mississippi Commercial Congress. Fifteen hundred plates will be spread.

Delegates may be appointed by Commercial Clubs, Mayors of cities and towns and boards of county commissioners. Reduced rates have been authorized by the railroads to Kansas City.

Easy to Get Rid of Dandruff.

Dandruff means that down near the roots of your hair there is a vast army of little invisible germs or microbes.

And this army never sleeps; it wages a war of destruction night and day. It destroys the nourishment that the hair must have in order to grow vigorously and abundantly.

Parisian Sage now sold all over America will destroy these germs and at the same time furnish the hair roots with just the proper nourishment to make hair grow lustrous and luxuriant.

Parisian Sage is guaranteed by the Koch Pharmacy to banish dandruff, stop falling hair and itching scalp or money back. It is a delightful hair dressing that wins instant favor with refined women. Sold for only 50 cents a large bottle by the Koch Pharmacy and druggists everywhere. Girl with Auburn hair on every carton and bottle.

VOLUME 2. MARYVILLE, MISSOURI, FRIDAY, OCT. 27, 1911. NO. 125.

DRAWING IS OVER

SEVERAL NODAWAY COUNTY CITIZENS DREW NUMBERS THURSDAY

W. G. EDWARDS GETS 5512

W. A. Tindall Got 6,426—Felix Grundy is Within Striking Distance of a Good Claim.

The land drawing in South Dakota closed Thursday, when Mrs. Y. E. Nelson of Armour, S. D., drew No. 8,000. There are 3,000 farms of more or less value and 8,000 numbers were drawn. As usual in these drawings many were drawing for the capital prize, and will not avail themselves of the opportunity to file on their claims, live on the land fourteen months and then pay for it.

The long distance winner was Clarence G. Pringle of Honolulu, Hawaii. Several Nodaway county citizens were among the winners Thursday. These were Edward Sweeney of Ravenwood with No. 5,198, W. G. Edwards of Maryville No. 5,512, John Goodwine of Ravenwood No. 5,676, W. A. Tindall of Maryville No. 6,426.

Felix Grundy of Maryville drew No. 1,526, and allowing for the usual number who do not file, he should have one of the best chances to get a good claim. Others in this section who were fortunate in Thursday's drawing were James T. Gelvin of Tarkio, A. S. Gray of Rosendale and Mann Petty of Stanberry. So far as learned R. H. Ward of Burlington Junction seems to have been the most lucky Nodaway county man, having got in with No. 621.

DR. LUCE GOES EAST.

Will Leave Maryville About Nov. 10 for Wooster, O.

Dr. Charles P. Luce, pastor of the First Presbyterian church of this city, will sever his pastoral relations with that church the first of November, according to the terms he made in his resignation the first of June, and will leave our city November 10th for Wooster, O., to begin his work with the Presbyterian board of sustentation. His territory will include the large cities of Ohio and Indiana. His work is one of the most important branches of the national organization of Presbyterian churches, and his appointment is due recognition of his ability and speaks well for his standing in the denomination he represents.

Dr. Luce has been pastor of the Maryville church for three years. His pastorate has been successful and he and his family will leave their work here with the kindest wishes from the entire church and a large circle of friends throughout the city and county, regardless of church affiliation. He is a strong minister, and his new work will call forth in still greater degree his cultured skill as a logician and his power as a public speaker.

Dr. Luce's family will follow him to their new home in a few days after he arrives in Wooster. Mrs. Luce will be as much missed as her husband. Her work in the church and in the various women's clubs of our city, especially the Twentieth Century club and the Mothers' Circle has been of the highest order, and we believe she has been made aware of the appreciation in which she is held.

Miss Cornelia Luce, the eldest daughter, who had charge of the domestic science work in a settlement school in Baltimore, and until recently held a similar position in the Presbyterian Girls' college at Santa Fe, N. M., will go to Wooster with her parents to enter the domestic science department of the university at Wooster.

Dr. Luce will preach his last sermons in this city as pastor of the Presbyterian church Sunday morning and evening. A fine musical program will be given in the evening preceding the sermon.

State Board Offers Prize.

The state poultry board offers a handsome silver cup to members of the State Poultry association exhibiting the best male and female, variety considered and highest score not specially to count, at Maryville poultry show. Send 50 cents to T. E. Quisenberry, Mountain Grove, Mo., and become a member of the state association, have the name and variety of fowls you breed printed in state catalogue and become eligible to compete for this grand prize.

Mrs. H. A. Byers went to St. Joseph Friday morning to visit her daughter, Mrs. M. L. Conley.

WHAT BRYAN SAYS.

An Unbroken Chain Connecting President With Two Decisions of Supreme Court.

W. J. Bryan, in today's Commoner, says:

We now have an unbroken chain connecting the president with the decision of the supreme court in the Standard Oil and tobacco cases.

First link—The anti-trust law was passed in 1890, declaring every combination in restraint of trade unlawful.

Second link—The decision of the supreme court thirteen years ago (in which Justice Harlan joined) refusing to amend the law by limiting it to unreasonable restraint.

Third link—The dissenting opinion in that case, written by Justice White, favoring the construction asked by the trusts.

Fourth link—Thirteen years of unsuccessful effort on the part of the trusts to secure legislation amending the law so as to permit reasonable restraint of trade.

Fifth link—Speech by Secretary Taft announcing his candidacy, in which he suggested that the anti-trust law should be amended by the insertion of the word unreasonable, as desired by the trusts.

Sixth link—The Republican platform of 1908, favoring an amendment of the anti-trust law, but not specifying the character of the amendment.

Seventh link—The selection of Governor Hughes to interpret the platform—information furnished by Mr. Perkins—until recently a partner of J. Pierpont Morgan.

Eighth link—Speech delivered by Governor Hughes at Youngstown, O., interpreting the platform to mean that the word unreasonable would be inserted, as the trusts desired.

Ninth link—All the trusts supported Mr. Taft for the presidency—every one of them.

Tenth link—President Taft appoints Governor Hughes to the supreme bench (on recommendatioos that he has not yet made public).

Eleventh link—President Taft elevates Justice White (who wrote the dissenting opinion) to the position of chief justice over Justice Harlan, who displeased the trusts.

Twelfth link—President Taft appoints other justices.

Thirteenth link—The supreme court, at the request of the trusts, renders a decision amending the anti-trust law so as to limit it to unreasonable restraint, leaving the courts to decide in each case what is to be regarded as unreasonable. All of President Taft's appointees join in the opinion.

Fourteenth link—Mr. Perkins says that the supreme court's decision carried out the promise of the Republican platform.

Fifteenth link—Mr. Taft says that the anti-trust law, as interpreted by the supreme court, should not now be amended.

Here is the chain and every link is strong. Can you break it, Mr. President? Why do you not make public the recommendations upon which you appointed the justices who have carried out the promise made to the trusts in the Republican platform—the promise foreshadowed by your speech and interpreted by Governor Hughes? Have you appointed a supreme justice without the indorsement of the trust magnates?

Give the country a little light. Make public the recommendations—written and verbal—on which you made your appointments to the supreme bench—the people have a right to know.

JOHN M'FADDEN DEAD.

Former Maryville Resident Passed Away at Home of Son in Utah.

John McFadden, who was for many years a resident of Maryville, died Wednesday at the home of his son, Edward McFadden, in Helper, Utah. The body will be brought to Maryville Saturday night for burial by the body of his wife, who died two years ago. Mr. McFadden had been making his home with his children, Arch McFadden of Kansas City and Edward McFadden in Utah, since the death of his wife.

Will Meet Husband.

Mrs. R. G. Koch left Friday morning for Marysville, Kan., for an over-Sunday visit with Mr. Koch, who will be there that day on his trip as a traveling salesman. They will be guests of P. J. Schumacher.

Mrs. S. C. German of Bethany, who has been attending the W. R. C. convention, returned to her home Friday morning.

Mrs. Ora Morehouse of Hopkins is visiting her mother, Mrs. S. W. Lowrey.

WILL BE A BIG MEET

CORN AND DOMESTIC SCIENCE CONTESTS NEXT WEEK.

TEACHERS' MEETING ALSO

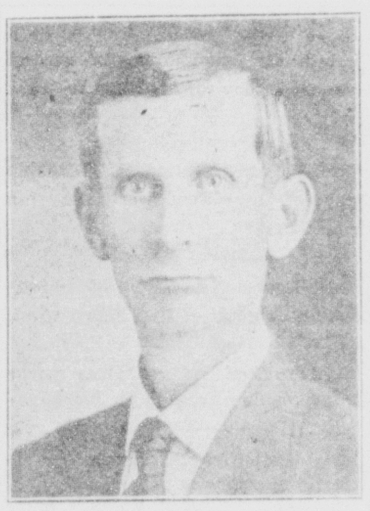
Among Prominent Speakers Will Be Ex-Gov. A. M. Dockery and Hon. S. M. Jordan.

Prof. W. M. Oakerson has sent out circulars announcing the speakers for the corn and domestic science meet which begins in this city November 2.

EX.GOV. A. M. DOCKERY, Who Will Speak in Maryville, Saturday, Nov. 4.

It is announced that over 300 girls will have domestic science exhibits, and over 200 boys will have exhibits of corn. Seventy cash prizes will be awarded Saturday afternoon.

Among the speakers will be ex-Governor A. M. Dockery of Gallatin and Hon. S. M. Jordan, the corn man, on Saturday. During the previous sessions there will be a number of speakers, among whom will be Dr. W. W. Charters, Miss Grace M. Vial, Miss



HON. S. M. JORDAN, Missouri's Corn Expert, Who Will Speak at the Corn Contest.

Ilena Bailey, Dr. H. K. Taylor, and a number of others, including county teachers and school patrons.

The meeting promises to be a very successful one and a record breaking attendance is expected.

PUBLIC LAND GOING FAST.

Missouri Has Only 1,340 Acres Open to Entry.

Though official records show that less than two years ago there was nearly twenty thousand acres of government land in Missouri, the books of the United States land office at Springfield, Mo., show that only 1,340 acres now remain for settlement. A report completed today shows that only four counties of the state now have more than one hundred acres of government land. These are Barry, 116; Miller, 160; Pulaski, 178, and Shannon, 128. Only twenty-one out of the 114 counties of the state have any land open to homestead or cash entry from the government. The land office report shows the acreage of government land in the various counties as follows:

Barry, 116; Benton, 45.57; Bollinger, 40; Camden, 40; Dent, 40; Franklin, 67.70; Hickory, 90; McDonald, 42.92; Miller, 160; Oregon, 40; Ozark, 8.; Perry, 40; Phelps, 40; Pulaski, 178.45; Reynolds, 40; Shannon, 128; Ste. Genevieve, 40; Texas, 40; Wayne, 40; Wright, 40. Total, 1,340.21.

Death of Old Hopkins Resident.

William Cook of Hopkins, better known as Uncle Billy Cook, died at his home in that town at 10:30 o'clock Friday morning. He had been a resident of Hopkins for many years.

News of Society and Womens' Clubs

For Prospective Bride and Groom.

Mrs. Ralph W. Eversole will entertain at bridge Saturday evening in honor of Miss Mabel Allen and Mr. M. L. Beattie.

Entertain S. S. Classes.

Miss Hazel Petty and Mr. Fred Kurtz will entertain the young ladies and young gentlemen of their Sunday school classes of the First Presbyterian church at the home of Mr. Kurtz this Friday evening.

Will Welcome Their Friends.

The Woman's Missionary society of the M. E. church, South, have issued invitations to their friends for Tuesday afternoon, October 31, at the home of President and Mrs. H. K. Taylor. A silver offering will be accepted.

Were Guests of Mrs. Ogden.

Mrs. Eugene Ogden entertained a company of her friends at dinner and during the afternoon Thursday. As the day was cold and disagreeable and brought the first snow of the year, three of those invited, Mrs. A. M. Culbertson, Mrs. Warren Trueblood and Mrs. J. J. Armstrong, were unable to accept the invitation. The afternoon was delightfully spent in sewing and visiting. Those present were Mrs. J. L. Jones, Mrs. Louisa Jones, Mrs. Gnett Olney, Mrs. D. C. White and Mrs. Clark Andrews.

Subpoenaed to the House of God.

The leader for the Christian Endeavor society meeting at the First Presbyterian church the coming Sunday evening, Mr. M. A. Lewis, has served signed and sealed subpoenaes upon the members and their friends to appear at the Christian Endeavor meeting Sunday evening, October 29, at 6:30 o'clock, with the injunction, "Bring two or more friends with you." The subpoenaes are in regular legal form. Enclosed with it is an invitation to attend Sunday school in the morning of the same day at 9:45.

Sixty Guests at Dominoes.

Mrs. J. E. Bailey, Mrs. George P. Wright and Mrs. Frank L. Garrett gave the last of their series of parties Thursday afternoon, when sixty guests were entertained at dominoes. The prize, a china jewel case, hand painted in delicate blue and gold, was won by Mrs. L. E. Carpenter. All the decorations were the same as on previous days, and the colors of yellow and white in the serving. Assisting the hostesses were little Miss Mary Condon, who met the guests at the door, Mrs. G. B. Holmes, Mrs. W. E. Goforth, Miss Della Grems and Miss Golda Airy, assisting in the parlors and in serving. Miss Mabel Todd received in the library upstairs, where Mrs. J. S. Shinabargar presided at the punch bowl, assisted by Miss Ruth Matter and Miss LaVera Condon. The out-of-town guests for the three days were Mrs. J. C. Scott of Junction City, Kan., who is visiting her daughter, Mrs. Robert Crail; Mrs. Emmett Beal of Oelrich, S. D., who is visiting her mother, Mrs. Anna Snyder; Mrs. Roy D. Brunson of Des Moines, Ia., the guest of her parents, Mr. and Mrs. I. W. Nixon, and Mrs. Robert Heath of Mason City, Ia., who left for her home Friday morning, after a few days' visit with her parents, Mr. and Mrs. John L. Ritze.

District W. R. C. Convention.

The seventeenth annual convention of district No. 1, department of Missouri, W. R. C., held a very successful and pleasant session, beginning Thursday, October 26, at 2 p. m. and closing Friday at noon.

The delegates present from Custer Corps, No. 4, St. Joseph, were Mrs. Hattie M. Beech, Mrs. Frances Arnold, Mrs. Margaret E. Warburton, Mrs. Christina Sleppy, Mrs. Lizzie Hahn, Mrs. M. C. Davis, Mrs. Laura Spangler.

From T. D. Neal corps, No. 31, Bethany—Mrs. Mary J. Dodd, Mrs. Sarah C. German.

From Reynolds corps, No. 159, Graham—Mrs. Louise Noblett, Mrs. Mary M. Harman.

The following officers were elected to serve the coming year:

Color bearer No. 2—Mrs. M. A. Davis of St. Joseph.

Color bearer No. 3—Mrs. Christina Sleppy of St. Joseph.

Color bearer No. 4—Mrs. Laura Spangler of St. Joseph.

A pleasing reception was given in the evening to the M. W. A. and their wives and the Royal Neighbors by the W. R. C. and G. A. R. A very entertaining program was given and a very pleasant evening enjoyed by all present. The program consisted of a song by Leeta and Leska Wray; piano solos by Mrs. E. F. Wolfert and Miss Carrie Margaret Baker, Miss Birde Shelton and Miss Lottie Perrin; by request Mrs. F. P. Robinson sang "The Star Spangled Banner," and excellent speeches were made by Mrs. Lena Ruddell, president of the Maryville Relief Corps, and Rev. W. J. Parvin, Mayor Arthur S. Robey and Noah Sipes.

Followed Them to Barnard.

Mr. Roland Rees and his bride of Burlington Junction, who were pursued by five automobile parties of their friends at that place when they left Wednesday evening in Mr. Rees' car for St. Joseph on their honeymoon trip to Muskogee, Okla., were escorted as far as Barnard by the chasers, when they were left to go the rest of the journey in peace.

St. Patrick's Bazaar a Success.

The bazaar given by the ladies of St. Patrick's parish was a decided success and the ladies feel well repaid for their hard work. The town lot that was raffled off went to Mr. Lee Upschult, proprietor of the Banner Soda Bottling works. The lot is located at Vine and Cooper streets, and is recorded as lot A, of block 7, in Southern Extension to the city of Maryville. In the fancy work booth the articles raffled were drawn as follows: The centerpiece given by Miss Katharine Vaughn of Colorado Springs, Col., went to Miss Margaret O'Grady. Mrs. G. W. Knobbs, living east of the city, drew the centerpiece made by Mrs. P. L. Murrin. T. L. Wilderman drew the piece made by Miss Jennie Vardie. Mrs. Mike Liston drew the comforter, Miss Helen Dougan the quilt, Miss Mayme Linneman the sofa pillow made by Mrs. John L. Gallegher, and John Kane drew the lamp.

Sued for Loss of Hogs.

Suit was filed in the circuit court Friday by Louis Hammond against A. C. Ford, both of this county, for damages. The plaintiff, through his attorney, Ellis G. Cook, alleges that during the early part of last summer the defendant was the owner of a lot of hogs which contracted cholera and quite a lot of them died from this disease. He alleges that the defendant failed to dispose of the bodies of the hogs promptly, and that some near a stream were washed into an adjoining field owned by the plaintiff, and that these dead hogs caused his hogs to become infected with the disease, and that as a result a number of plaintiff's hogs died, for which he prays damages in the sum of $500, together with the costs of the suit.

Misses Litta and Golda Roelofson went to St. Joseph Friday morning to spend the day.

HOPES TO FIND OIL

R. W. WALLACE CONFIDENT THAT DRILLING WILL BE SUCCESSFUL.

WILL START IN TWO WEEKS

It is Stated That $50,000 Will Be Spent in Prospecting in Nodaway County.

About 25,000 acres of land in Nodaway county are under oil and gas leases, having been secured by R. W. Wallace of St. Louis, who has the work in charge. This part of the work is now finished.

Drilling operations for oil and gas will be begun within the next two weeks or so. Mr. Wallace said Friday that the tools would be here in two weeks, and that soon after work would commence. The tools come from the oil fields in Illinois. It is not known where the first well will be sunk. A number of wells are to be sunk all over the county, so as to be able to find oil if it is here.

Mr. Wallace is still confident that oil can be found here. He has been here for the past two months securing the leases and will also be here to have charge of the drilling operations, which will be commenced before winter sets in. It is said $50,000 is to be spent in Nodaway county to find oil, the money being furnished by St. Louis and eastern capitalists.

Mr. Wallace is to leave in a few days for a week's visit in the oil fields at Tulsa, Okla. He will be back, however, when the tools arrive from Illinois.

If the Kansas City Athletic club wants a first class attraction it should stage a ten-round bout between Frank Walsh and Virge Conkling.

The president of the woolen trust testified before a congressional committee that he had a large number of automobiles, but he couldn't say how many. Yet he was sure that any reduction in the tariff on wool would be ruinous to his industry.

The recent contests between the American and National league clubs for the local base ball championship of the various cities resulted in victories for the American clubs in every instance except in the contest between Cleveland and Cincinnati, and the world's championship also goes to the Philadelphia American league club. This would seem to indicate that the newcomers are putting up a better article of ball than their parents.

The government has brought suit to dissolve the steel trust. The petition abounds in sensational allegations, among which is that President Roosevelt was misled and misrepresentations were made to him, and that if he had "been fully advised" he would have known that "a desire to stop the panic was not the sole moving cause." Yet Teddy stated to the congressional investigating committee a few weeks ago that he had done the proper thing and that he would do it again. Where does that leave Teddy?

BOYS, LOOK OUT!

Section 4735 of the Revised Statutes of Missouri contains the following:

"Every person over the age of 10 years and under the age of 18 years, who shall smoke or use cigarettes on any public road, street, alley, park or other lands used for public purposes, or in any public place of business or amusement, or upon any railroad train or street car, shall, upon conviction, be adjudged guilty of a misdemeanor, and punished by a fine of not more than $10."

A small boy looks so big with a cigarette between his teeth that the law makers assumed that it would be worth at least $10 to him. As a matter of fact a boy under 18 caught smoking a cigarette ought to have a hickory sprout worn out over his anatomy, and anybody over 18 should be promptly sent to an insane asylum. No further examination should be required.

FOUR FLEA POWER OF WATCH

Delicate Little Instrument Whose Balance Wheel Is Driven More Than 3,500 Miles a Year.

Few pieces of machinery show more wonderful features than that of the watch. As a general proposition it may be stated that a watch is the smallest, most delicate instrument of the same number of parts that has ever been devised.

About 175 different pieces of material enter into its construction and upward of 2,000 separate operations are comprised in its manufacture. Certain of the facts connected with its performance are almost incredible when considered as a whole.

A blacksmith strikes several hundred blows on his anvil in a day and as a matter of course is glad when Sunday comes, but the roller jewel of a watch makes every day—and day after day—432,000 impacts against the fork, or 157,680,000 blows during the course of a year without stop or rest—or some 3,153,600,000 blows during the space of twenty years, the period for which a watch is usually guaranteed to keep good time.

But the wonder of it does not cease here says the Michigan Manufacturer. It has been calculated that the power that moves the watch is equivalent to only four times the force used in a flea's jump. The watch power is therefore what might be termed the equivalent of a four flea-power. One horse-power would suffice to operate 270,000,000 watches.

Furthermore the balance wheel of a watch is moved by this four flea-power 1.43 inches with each vibration, or 3,558¼ miles continuously in one year. Not much oil is required to lubricate the little machine on its 3,500 mile run. It takes only one-tenth of a drop of oil to oil the entire machinery for a year's service.

PAY FOR THE FRENCH NAMES

Fastidious Restaurant Patrons Could Get Same Dishes in "American" for Much Less.

Frank P. Ward, writing for Harper's Weekly, declares that the men who cater to the hunger and thirst of the wealthy in New York make a profit of anything up to 300 per cent. For this condition he blames one class of restaurant patrons whom he describes as "persons who turn up their noses at eggs with grated cheese, 25 cents, but go into ecstasies over oeufs a la reine, $1—exactly the same dish." To descend a little in the scale, says Mr. Ward, "beef and" establishments are highly profitable; a fact which, as he points out, goes to show that if these can coin money at five and ten cents a "throw," the others can do better.

There is undeniably a deal of sound sense in Mr. Ward's arraignment of ultra-fastidious person who ecstatically pays 25 cents for food and 75 cents additional for a French name to go with it. The person of that temperament is evidently convinced that grub by a more genteel name would taste as sweet, and is determined to eat it by the other name, cost what it may. Why eat "vittles" when, by merely paying a quadruple price, one may have nourriture? Why, indeed! If French names for Yankee dishes serve best to keep in circulation the money of the finical rich, by all means put them up in French.—Manchester Union.

He Eats No Corn.

"I am dearly fond of corn on the cob," said the mathematician, "but I haven't eaten any this season."

"What's the matter? It doesn't cost much."

"Well, that all depends upon how you look at it. Take it in the market, it's cheap enough, twenty-five or thirty cents a dozen ears. But I have to eat in restaurants, and there I would have to pay ten cents an ear or $1.20 a dozen for it. Now, where do you suppose the restaurants get the courage to charge that much for serving hot what costs them only one-fourth that much in the raw state? If the corn were difficult of preparation for the table, if it took much trouble in the cooking or if it required elaborate sauces it would be different. But corn on the cob is the simplest thing a restaurant can serve, and for one, I don't purpose to let them make any 300 per cent. profit out of me on their old corn."

Shakespeare in 1793.

What, we wonder, would happen to the London manager nowadays who should dare to put on the stage such a version of a Shakespearian tragedy as was played in Ireland a hundred years ago? Mrs. Earle in her book, "Memoirs and Memories," gives a Dublin play bill in 1793, which is worth quoting.

The play was "the tragedy of 'Hamlet,' originally written and composed by the celebrated Dan Hayes of Limerick and inserted in Shakespeare's works." The title role is taken by a gentleman "who between the acts will perform several solos on the patent bagpipe, which performs two tunes at the same time."

STEEL MONOPOLY MUST DISSOLVE

Government Files Suit Against Corporation in New Jersey.

CHARGES CONTROL OF OUTPUT

Testimony Given Before Stanley Committee Was Used in Part as Basis of Action—Injunction is Sought.

Washington, Oct. 27.—A petition asking for the dissolution of the United States Steel Corporation and some of its subsidiaries has just been filed in the United States court in Trenton, N. J. The petition was prepared by Jacob M. Dickinson, ex-Secretary of war, who had been retained by the government as its special counsel in the case.

The petition charges the United States Steel Corporation and those subsidiaries which are named as defendants with maintaining or attempting to maintain a monopoly in the steel business. The evidence on which the suit was brought was obtained by the special investigators of the Department of Justice.

It is understood that some of the testimony which was given before the Stanley committee was used, in part at least, as the basis of this suit. The petition is in equity and was filed in the circuit court.

It contains the usual prayer for injunctions to restrain the defendants from continuing the monopoly alleged, and asks for such relief as the court may grant.

New York, Oct. 27.—Rumors that the government was preparing to bring suit against the United States Steel Corporation have been current in Wall Street for several weeks, but they have been denied by the attorney general and assistants. The rumors caused enormous selling of the corporation's common stock and it fell from 80 to about 52, recovering to 60.

The formal suit filed is likely to cause a renewal of the selling though there has been such extensive selling by the more timid holders that the depressing effect will not be as great now as if the suit had been filed several weeks ago.

Officials of the steel corporation have always contended that they were not violating the anti-trust law, because they controlled less than two-thirds of the steel business.

TO BRING SUFFRAGISTS WEST

Uncanvassed Territory to Be Covered by Tour in Special Car With Speakers.

Louisville, Oct. 27.—A special "suffrage car" amply equipped for long distance travel, bearing a number of capable women suffrage speakers and carrying a never failing supply of suffrage literature, will set out on a tour of the country shortly, according to information given out here. Arrangements for financing the enterprise were made during the recent convention. Mrs. Catherine Waugh McCulloch of Chicago, Miss Kate M. Gordon of New Orleans, J. H. Braley of California, are among the suffrage notables who will see to getting money for the project. It is planned to invade especially states in the South and West and to introduce the propaganda in heretofore uncanvassed territory.

PUBLIC LAND NEARLY ALL GONE

Less Than Two Years Ago Missouri Had 20,000 Acres—1,340 Acres Now Remain.

Springfield, Mo., Oct. 27.—Though official records show that less than two years ago there was nearly 20,000 acres of government land in Missouri the books of the United States land office here show that only 1,340 acres now remain for settlement. A report just completed shows that only four counties of the state now have more than 100 acres of government land These are Barry, 116; Miller, 160; Pulaski, 178, and Shannon, 128. Only 21 out of the 114 counties of the state have any land open to homestead or cash entry from the government.

APPLICANT FOR CITIZENSHIP

To the United States Must Answer Intelligently a Number of Questions.

The applicant for citizenship to the United States must answer intelligently the following questions before he can obtain his final naturalization papers. Perhaps it might not be a bad thing for citizens themselves to occasionally take an examination of a similar sort to refresh their memories and indicate their degree in intelligent citizenship.

Who is the presndent of the United States?

How is he elected?

Is he elected or appointed?

Who elects a president?

What are the presidential electors?

How are they selected?

What is the term of the president of the United States?

Where is the capital of the United States located?

Who is commander-in-chief of the army and navy of the United States?

Who makes the laws of the United States?

How many branches in congress are there?

Name them.

How are senators elected?

What is their term of service?

How are representatives elected?

What is their term of service?

Who is the chief justice of the supreme court of the United States?

How many members compose the supreme court of the United States?

Where does the supreme court of the United States sit?

Who is the governor of Missouri?

Who selects the governor of the state?

What is his term of service?

Who makes the laws of the state of Missouri?

How many branches are there in the legislature?

Name them.

What is the term of service for state senators?

What is the term of service for state representatives?

What is the capital of Missouri?

How many legal holidays in Missouri?

Name them.

To whom does the law prohibit a saloon keeper from selling intoxicating liquor?

How does the law require a saloon to be arranged during the time law prohibits the selling of intoxicating liquors?

Who grants a liquor license?

Why does that law require a bond of saloon keepers?

The federal government is becoming more strict every year in the matter of admitting foreigners to citizenship. A foreigner must show that he really understands the workings of the government in the United States. It is likely that there are many American born citizens who could not answer these questions.

George P. Bellows returned Friday morning from a several weeks' trip crying fine cattle sales in the north.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy and other serious troubles. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Maryville proof:

G. W. Hempstead, East First street, Maryville, Mo., says: "When suffering from an extreme sensitiveness in the small of my back, I was advised by a friend to give Doan's Kidney Pills a trial. I procured a box at Charles A. Love's drug store and they lived up to representations. I have never had any trouble from my back or kidneys since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ANDREWS & HEMPSTEAD

COURT ENDS HYDE TRIAL DELAYS

Holds Night Session for Purpose of Hurrying Case.

DENIES MOTION TO DISMISS CASE

Had All Judges of Circuit and Criminal Courts Subpoenaed so as to Finish Hearing of Motion at Once.

Kansas City, Oct. 27.—Judge Porterfield has now accomplished two things which will help a great deal in the Hyde trial from now on. He served notice on the attorneys in the case that he would expect them to hurry the case as fast as it was possible so to do, and he served this notice in a way likely to be remembered, for he ordered a night session to be held for the argument of the motion to discharge the entire jury wheel. Then at the night session after extended arguments pro and con he decided that the jury wheel was legal and thereby disposed of that troublesome case for the balance of this trial at least.

Immediately previous to the judge's order the defense had finished a two hours' examination of Judge James E. Goodrich, chairman of the jury commission. Turning to the clerk Judge Porterfield said:

"Mr. Clerk subpoena all the judges of the circuit and criminal courts who had anything to do with this jury wheel and make the summons returnable at 8 o'clock this envening. Send deputies at once after Judge Latshaw, Judge Guthrie, Judge Seehorn and the rest, who live in Kansas City. Get service on Judge Slover, who lives in Independence and tell him to hurry down. We will finish the hearing of the motion to quash the venire at once," and to the attorneys:

"You will return here at 8 o'clock and the arguments will be made after that hour."

When it was understood that his honor would not retract his ruling it was therewith known that there would be no more time-killing at the county's expense, in the Hyde case, if Judge Porterfield could help it.

At 8:15 attorneys for the prosecution and defense returned to court and spent two hours in presenting their arguments. Judge E. E. Porterfield overruled the motion. The argument of the defense was based on an attack of the present system of jury drawing which they declare unconstitutional.

The court will allow the attorneys privilege of recalling any of the veniremen selected for the purpose of challenge, if they so desire.

Frank P. Walsh of the defense said he had no more challenges for the veniremen and that he would not ask for any recalls.

NEGRO ROBBERS BOUND GIRL

Discovered in House by Young Lady —She is Gagged and Left in Cellar.

St. Louis, Oct. 27.—Upon the return home at midnight of Mr. and Mrs. Henry Waldermeyer, they heard groans in the basement and, investigating, found their daughter, Martha Waldermeyer, 28 years old, bound and gagged and her head covered with bruises and gashes, inflicted by two negro robbers.

When restored to consciousness the young woman told of being attacked by the negroes in her bedroom when she discovered their presence in the house and screamed. She grappled with one of the negroes and was struck down by his companion's revolver. She remembers nothing after that. Henry Waldermeyer, the father, is a wealthy proprietor of a moving and storage company.

The negroes fled after carrying Miss Waldermeyer into the basement, leaving valuables that they placed in a bundle.

Ask Pardon for Counterfeiter.

Springfield, Mo., Oct. 27—An appeal asking the pardon of August Roehr, now serving a year's sentence in jail here for counterfeiting nickels at Fanchon, was sent to President Taft. A recommendation for executive clemency by Judge A. S. VanValkenburgh of Kansas City, who passed sentence on Roehr, accompanied the appeal. The prisoner's family is destitute.

Postal Bank for Atchison.

Atchison, Kan., Oct. 27.—Atchison is to have a postoffice savings bank. It will be installed in the local postoffice Saturday. J. W. Carr, postal inspector, has been in Atchison for two days instructing Scott Jones, who will be the cashier of the new bank. Deposits will be received through the registry window.

Bard of Avon Unclean.

Chicago, Oct. 27.—Shakespeare has been rejected as "licentious, unclean and objectionable" by the youthful literary lights of the Hammond, Ind., high school, and they are receiving the support of their teachers to have the author of "Venus and Adonis" banished from the curriculum.

NEW LEAD IN KNABE CASE

MAN SEEN LEAVING HOUSE ABOUT TIME OF CRIME.

Barkeepers's Story Corroborates That of Janitor, Who Said He Heard Screams.

Indianapolis, Oct. 27.—That a man holding a handkerchief to his face, as if to hide his features, was seen to emerge from an alley in the rear of the apartment house in which Dr. Helene Knabe lived alone, at about the hour at which the physician met her death by a knife blow, was the newest lead that developed in the police investigation.

This information was supplied by J. C. Carr, a barkeeper, who said that as he was going home and turned into the street at the side of Dr. Knabe's apartment he heard two faint screams and as he was approaching the ally at the rear of the building a man with a handkerchief at his face came out, passed him and hurriedly disappeared.

The man, Carr said, was about 40 years old, as well as he could judge and was well dressed. Detectives pointed out that if he was the murderer of Dr. Knabe he must have made exit from her flat into the front corridor of the building, then into a passage way at its side and thence through to the alley in the rear. Investigation has satisfied them that no one had crawled through a window of the flat.

In addition to following this line of inquiry, the police again questioned Miss Augusta Knabe and also sought among the physician's acquaintances for possible light on the suicide theory or some motive, not yet apparent, for murder.

Detectives attempted to verify the story of Carr, who was taken to the building and re-enacted his part in the incident.

Carr's story corroborates the statement of the negro janitor of the building, who said he was awakened in the night by screams. He went to sleep again without an investigation.

MORE INJUNCTIONS AT WICHITA

Attorney General Dawson Secured Names of Those Who Had Government Licenses.

Wichita, Kan., Oct. 27.—John Dawson, attorney general of Kansas, obtained district court injunctions against nine more men who are alleged to sell liquor and the owners of buildings where they operate. The injunctions are against Archie McVicar, druggist, 500 East Douglas; B. Heimerman, First Street and Waco Avenue; W. A Clayton, 116 West Douglass; J M Davis, Stock Yards hotel; O. Bailey and Fred Zimmer, Water Street and Douglass Avenue; J. F. Bather, Water Street and Douglass Avenue; John Linder, Twenty-third Street and Lawrence Avenue and 2327 North Lawrence Avenue, and L. Bennett, 1621 East Douglass. Each has a government license, and that is the means by which Dawson got their names.

GO BY WATER IN PULLMAN CAR

Party Leaves St. Louis for New Orleans, Going Down Mississippi River in Car on Boat.

St. Louis, Oct. 27.—A party of officials of the St. Louis & San Francisco railroad have left here for New Orleans in two Pullman cars and a diner, but from the time the train left until it arrives at New Orleans not a wheel of it will turn nor will its drawbars feel the pull of a locomotive. The train will be carried to New Orleans on the big transfer steamer B. F. Yoakum. The steamer will be put into service at Baton Rouge to ferry St. Louis & San Francisco trains across the river at that point. It has accomodations only for the crew, so the passengers will sleep in the Pullman and eat in the dining car.

Help an Interurban Line.

Pleasanton, Kan., Oct. 27.—Eight miles of free right of way and $250 in cash were subscribed for the proposed electric line between Kansas City and Fort Scott by the Town and County club here. The farmers and merchants of Linn county are enthusiastic over the new interurban road, which will pass through here. Arrangements for a preliminary survey are being made by the citizens.

Only Two Hold Out.

Jefferson City, Mo., Oct. 27.—All but two of the owners of property in the tract to be acquired by the state have reduced their prices. The two men standing out have property with options of $40,000. The commission hopes to reach an understanding with these owners when it meets again. At that time an attempt will be made to elect a secretary and plans will be laid for an architectural contest.

Santa Fe Increases Capital.

Topeka, Kan., Oct. 27.—A $1,000,000 increase in the capital stock and a $1,000,000 bond issue were authorized by the stockholders and directors of the A. T. & S. F. railroad in their annual meeting here. This brings the capital of the Santa Fe to $481,486,000. A big part of the convertible bond issue will be used for improvements

FOR NATIONAL PRIMARY LAW

Leading Members of Both Parties Working Together.

Act to Be Framed With Control of Government by People at All Times in Mind—Movement Nation Wide.

Washington, Oct. 27.—Leading progressive members of both the Democratic and Republican parties are working together on a plan for a national presidential primary law, which they hope to have ready for presentation in congress at the coming session and which, they are quite certain, will be acceptable to every section of the country. Even the Southern statesmen, who are sticklers for states' rights, it is asserted, will find no difficulty in voting for the passage of the measure.

Senator Robert L. Owen of Oklahoma, chairman of the Federation of Democratic precinct clubs, and Senator Jonathan Bourne, jr., president of the National Progressive Republican league are still engaged in the work of drafting the proposed law.

Further than to admit that such a proposition is being worked upon, the officials of the progressive organizations of the two parties refused to give out any details of the proposed law. George H. Shibly, secretary of the Federation of Democratic precinct clubs, said the matter was still in the formulative stage, and that probably no announcement would be made until after the session of Congress begins in December.

The law, if it becomes such, Mr. Shibley said, will be in perfect harmony with the idea of home rule. It will not tread on the toes of any states' rights. He said it will be framed with the one predominant thing in mind that the people should control the government at all times. The movement for direct primaries in connection with presidential elections has become nation wide.

Senator Bourne, who is actively pressing this feature of the progressive campaign, recently wrote a letter to each member of the Republican national committee requesting that when the call for the party national convention is issued it should contain a strong recommendation to state committees that they call presidential primaries for the selection of delegates. Democrats are advocating that their committees should do likewise.

WHITE CAP JURY FAILS TO AGREE

After Fifty Hours Could Not Decide Between Verdict of Felony or Misdemeanor.

Hutchinson, Kan., Oct. 27.—After being out 50 hours, the jury in the Reno county white cap case reported that they could not agree whether the four wealthy farmers, Joseph Thompson, C. P. Smith, George Young and Albert Hood, are guilty of a felony or a misdemeanor. Five stood for a prison term, while seven were for the lighter penalty.

Charles Walters, a young farmer, told of being enticed from his house at midnight by the four farmers who bound and gagged him and Mrs. Thompson, wife of one of the defendants, beat him with a horsewhip. He was then told to leave the country, to return on peril of his life. The bullwhip and photographs of Walters' scarred and bleeding back, taken at the time of the whipping, were introduced as evidence. The defense alleged that Walters gossiped about Mrs. Thompson.

Preacher as Model Landlord.

St. Louis, Mo., Oct. 27.—Practical Christian landlordism will be tried by the Rev. William Cochran in a large tenement building which he has leased for five years. There are about 100 rooms which will be sublet to poor people who will be given advantages which the average landlord says is impossible. The minister will have an office at the building and will visit the place every day. He will do his own repairing.

Equal Rates for Iowa Packers.

Washington, Oct. 27.—Freight rates on both fresh and cured meats and other packing house products from Cedar Rapids, Ia., to eastern destinations must not be greater, after December 1 next, than those contemporaneously in effect from Missouri river points or from Chicago. An order to this effect has been made by the Interstate Commerce commission.

New Rule in Debate.

Atchison, Kan., Oct. 27.—The commission form of government as provided for by the Kansas statutes is the question selected for the first annual debate between the Leavenworth and Atchison high schools. Atchison drew the negative side of the question. The debate will be held here the second week in December. The debate was inspired by the University of Kansas extension department.

We will again this week give a special prize of a 42 piece dinner set to the person bringing in the largest number of votes by Thursday, Nov. 2. No contestant will be allowed to win but one of these special prizes. You may have your choice of the two sets on display in our east show window. Remember that the color of the coupons will again change on Thursday, Nov. 16th, and must be in by that time to be counted.

YOU CAN HAVE HEALTHY HAIR

Use Wyeth's Sage and Sulphur—A Harmless Remedy That Makes the Hair Grow.

What a pity it is to observe so many people with thin and faded hair and then realize that the most of these people might have a fine, healthy head of hair if they would but use the simple "sage tea" of our grandmothers, combined with other ingredients for restoring and preserving the hair. No one, young or old, need have gray hair, weak, thin or falling hair, dandruff or any trouble of the sort if th y would but use Wyeth's Sage and Sulphur Hair Remedy. On the contrary, it is possible to have healthy, vigorous, hair, of perfect color, by a few applications of this remarkable preparation.

Wyeth's Sage and Sulphur Hair Remedy quickly removes dandruff, leaves the scalp clean and healthy, promotes the growth of the hair and restores the natural color of the hair which has become faded or gray. It is a clean, wholesome dressing, which may be used at any time and with perfect safety. Don't neglect your hair. Start today with Wyeth's Sage and Sulphur.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Visitors From Colorado.

Mrs. F. C. Moore and three children of Lamar, Col., were in Maryville Friday morning, going to Braddyville, Ia., to visit her mother, Mrs. J. A. Wolfe. The travelers had been visiting the family of Mrs. Moore's uncle, Joseph Malone, of near Hopkins.

Mrs. Elmer Arnold and baby daughter of Burlington Junction arrived Thursday for a visit with her sister, Mrs. Orville Gray.

PILES CURED IN 6 TO 14 DAYS.

The Collector.

The late Edwin A. Abbey had no sympathy with those American millionaires who pay $400,000 or $500,000 for a doubtful Rembrandt or an imputed Fragonard, while painters of genius in their own towns are starving for lack of orders.

Mr. Abbey, at a dinner at his London residence in Tite street, said last year, apropos of the purchase by a New Yorker of a doubtful Titian at an inflated price:

"This type of man knows nothing about art. A man of this type, when Whistler was not yet famous, wanted his wife's portrait done.

"'How much will you charge me, Mr. Whistler,' he said, 'for a lifesize picture of the madam?'

"'My price,' said Whistler, 'will be $2,500.'

"The millionaire took up his hat and stick.

"'Why,' he snorted, turning to go, 'you expect to be paid for your work as if you had been dead 400 or 500 years!'"

The Jewel Box Alarm.

An ingenious invention, which will undoubtedly prove useful to the possessor of valuable jewels and trinkets, is the jewel box alarm, recently put on the market. In the bottom of the box is fixed the small instrument, which is to be electrically discharged by moving a small lever. The sound is made by means of a bell and clapper, resembling those found in a telephone. In the center of the box hangs a small pendulum. If the box is moved the pendulum swings, the circuit is closed and the alarm goes off. The noise resembles that of an alarm clock, and does not cease until it is shut off again.

How to Tell a Girl's Age.

Girls of a marriageable age do not like to tell how old they are; but you can find out by following the subjoined instructions, the young lady doing the figuring: Tell her to put down the number of the month in which she was born, then to multiply it by 2, then add 5, then to multiply it by 50, then to add her age, then to subtract 365, then to add 115, then to tell you the amount she has left. The two figures to the right will tell you her age, and the remainder the month of her birth. For example, the amount is 822; she is 22 years old and was born in the eighth month (August). Try it.

STOMACH TONIC.

Puts the Stomach in Splendid Shape and Supplies Vim, Vigor and Vitality to the Whole Body.

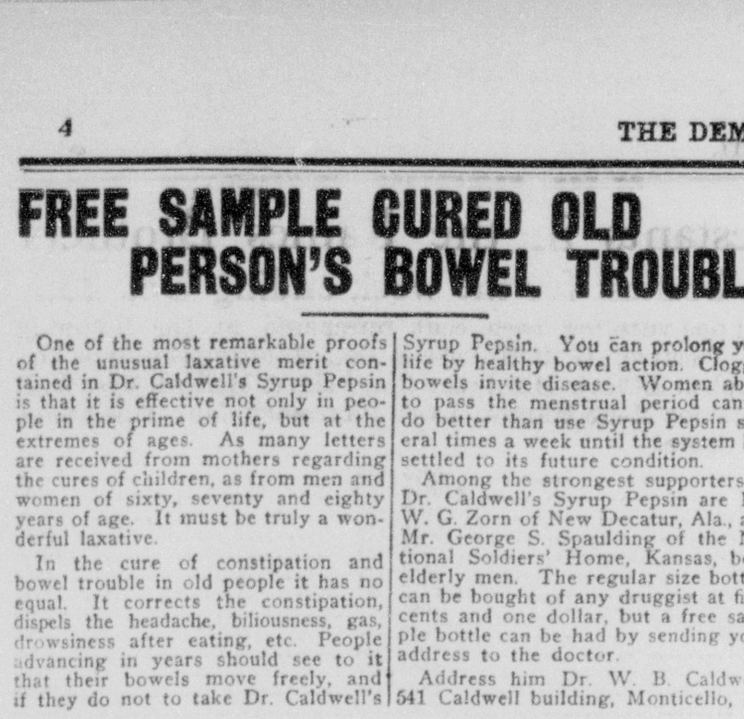
FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Decatur, Ala., and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.



A STEADY purpose in this life is one of the best aids to success. If that purpose be the resolve to save money your success will be *sure* and satisfactory.

A young man should anchor himself to a bank account as the first step to success. As his account grows so will HIS CONFIDENCE IN HIMSELF TO MAKE GOOD.

WEST'S EXHIBIT OF GREAT IDEAS

A CONVENTION OF MEN WITH PLANS AT KANSAS CITY NOV. 14 TO 17.

The Trans-Mississippi Congress, With Colonel Fred Fleming at Its Head, Will Hear the Aldrich Arguments and the Hadley and Stubbs Side, Too.

The Trans-Mississippi Commercial Congress, which meets in Kansas City Nov. 14 to 17, will hear ex-Senator Aldrich argue his currency reform. It is the Monetary Commission's first public declaration to the people of the West, and more than four hundred bankers and financiers from over the nation will gather to hear the author of the plan, which he claims will make the country panic proof, explain the merits of its context. But everyone does not favor the bill, and the opponents will also be present to voice dissenting opinions, and express other ideas of ridding the country of its present financial tightness.

For this is what the Trans-Mississippi Commercial Congress is for—to discuss the things that are wrong and propose remedies. It is, in fact, the

Western clearing house for ideas, and the national legislators pay strict attention to the expressions of this clearing house.

The congress has assumed such importance and magnitude that the foremost statesmen, business men, law makers, farmers and financiers of the country attend it in order to catch the drift of public opinion. At this meeting will be at least six of the twenty governors who rule the territory covered by the congress. Governor Herbert Hadley of Missouri, will open the congress with an address of welcome, and in this address he will sound the keynote of the import of the meeting. Governor John Burke of North Dakota, who is president of the Missouri River Improvement Association, will speak on the Upper Missouri River. Governor C. A. Aldrich of Nebraska, will talk on The Regulation of Inter-State Rates and Their Relation to the Producer and Consumer. Governor O. B. Colquitt of Texas, Governor W. R. Stubbs of Kansas and Governor John F. Shafroth of Colorado, will make addresses.

Nearly two hundred government heads, senators and congressmen will attend the meeting. Darwin P. Kingsley, president of the New York Life Insurance Company, will speak on Life Insurance and Justice, and Fred

GOV. HERBERT S. HADLEY,
Of Missouri, Who Will Deliver the Address of Welcome And Serve as a Member of the Program Committee.

W. Fleming, vice-president of the Kansas City Life Insurance Company, is president of the congress this year and will preside at all meetings.

Champ Clark, speaker of the House of Representatives, who is talked of for president, will address the congress during its four-days' session, and he chooses his own subject. S. M. Sparkman, chairman of the House Committee on Rivers and Harbors, will also attend. Some of the speakers on the improvement of waterways are: Walter S. Dickey of Kansas City, president of the Kansas City-Missouri River Navigation Company; Charles W. K. Kavanaugh of St. Louis, Congressman William P. Borland and Congressman Charles F. Booher.

Senator William E. Borah of Idaho and Alva Adams, former governor of Colorado, will speak on the reclamation of land by drainage and irrigation. David R. Francis of St. Louis, former governor of Missouri, and John L. Powell, president of the Southwestern Shippers' Association, will be among those who will talk on interstate rates.

From every state west of the Mississippi River, and from Alaska, Hawaii and the Philippine Islands scores of delegates will come, ripe with ideas and suggestions to place before the congress. From each state of the Trans-Mississippi country, will come twenty delegates, created so by their governor's appointment, and from each commercial club, board of trade, chamber of commerce, clearing house association and any other business or industrial organization so desiring, not more than ten delegates will take part in the deliberations of this congress.

It is a "free Forum" of the West, in which all peoples and classes participate. Through its efforts millions of dollars have been appropriated for waterways and irrigation improvements in the West, and scores of laws have been passed by the national congress regulating the commercial conduct of the country.

The Trans-Mississippi Commercial Congress was organized in 1891, though its real birth was in Denver in the eighties, when Governor Alva Adams of Colorado, called into session the deep waterways interests. Other organizations whose object was practical waterways were also existant. The West, though it had grown into a country of wealth and prominence, was unable, because of a lack of political prestige, to obtain appropriations from congress for improving its waterways. The East, skilled in using the power of politics, "got the money." Tiring of such treatment, Kansas struck the first blow for recognition by calling a Western States Convention to be held in Kansas City, April 14 to 17, in 1891.

Men of national prominence answered the call, and for an infant step the move was a success. Later in the year in Manitou, Colo., this organization combined with two others of similar object—the Trans-Mississippi Congress and the Deep Water Convention—and formed the existing Trans-Mississippi Commercial Congress.

Always first with the congress is river improvements. This year it is especially anxious to father a resolu-

tion which will result in congress appropriating twenty million dollars for making the Missouri River navigable between Kansas City and St. Louis. The Kansas City-Missouri River Navigation Company, which is now running boats on the river, and the Missouri River Improvement Association are not going to allow the congress to adjourn without adopting a resolution favoring this appropriation. It is very probable that Governor John Burke of South Dakota, interested in the Upper Missouri as its president, will call a special session of the Missouri Improvement Association to meet here in conjunction with the Trans-Mississippi.

This is the third time that the congress has met in Kansas City. It got its swadling clothes in Kansas City, and again in 1906 when it had assumed powerful proportions, it met here. Convention Hall is designated as the meeting place, though special meetings will be held every morning in downtown theaters. The hall will seat 15,000 persons. As a feature of the entertainment Congressman William P. Borland of Kansas City, has obtained governmental permission to have the Panama pictures exhibited at the congress. Lieutenant George Goethals, son of the head of the Panama work, will show the pictures and talk on the canal. This is the first time the pictures have been shown publicly.

As another feature of entertainment the Kansas City Commercial Club will spread a huge banquet in Convention hall on the night of Nov. 14, in its annual celebration of the John Jay Treaty, particularly appropriate in connection with the Trans-Mississippi Commercial Congress. Fifteen hundred plates will be spread.

Delegates may be appointed by Commercial Clubs, Mayors of cities and towns and boards of county commissioners. Reduced rates have been authorized by the railroads to Kansas City.

Easy to Get Rid of Dandruff.

Dandruff means that down near the roots of your hair there is a vast army of little invisible germs or microbes.

And this army never sleeps; it wages a war of destruction night and day. It destroys the nourishment that the hair must have in order to grow vigorously and abundantly.

Parisian Sage now sold all over America will destroy these germs and at the same time furnish the hair roots with just the proper nourishment to make hair grow lustrous and luxuriant.

Parisian Sage is guaranteed by the Koch Pharmacy to banish dandruff, stop falling hair and itching scalp or money back. It is a delightful hair dressing that wins instant favor with refined women. Sold for only 50 cents a large bottle by the Koch Pharmacy and druggists everywhere. Girl with Auburn hair on every carton and bottle.
